

# The Gazette

Vol. 16 No. 28 St. Albert & Sturgeon

Wednesday, July 16, 1975. 15¢

Mr. Steve Sieben (chairman of District #3), Mayor Richard Plain and Mr. Bill Webber (chairman of District #6) signed the joint use agreement between the Town of St. Albert and the two school boards in the town administrator's office on Friday, July 11. St. Albert has one of the oldest joint use agreements in the province of Alberta, in existence well over a decade. The mayor noted that the agreement represented a furthering of co-operation between the two school boards and the Town of St. Albert.

## Project management chosen for Rec complex

The committee of the whole voted 5 to 2 Monday night in favour of approaching the construction of the proposed recreational/cultural complex by way of the project management procedure rather than lump sum tendering. Councillors Th-

ronson and Fyfe voted against the motion.

Mr. E. G. Walter, solicitor for the town, was present at the meeting to discuss the matter and stated that he felt that word on the provincial grant for the project may be forthcoming soon and it

would be wise to choose between the two alternatives for "the management of the construction of the project."

Mr. Byron stated that meetings held in the last two weeks regarding the town's application for assistance with the project had been anticipating that the town will be advised concerning the application. "Just exactly what that will be not known," Mr. Byron said, "but information will be forthcoming and as a consequence it seems appropriate that in view of the time loss already incurred, one of the principal points which should be dealt with by council is the manner in which it should be constructed in the event that it should go ahead."

Coun. Thronson wished to know which of the two procedures would be the more expensive and Mr. Walter stated that he felt that the lump sum tender would represent the greatest expense.

### SOLICITOR FAVOURS PROJECT MANAGEMENT

Mr. Walter felt that with the lump sum tender procedure, sub-trades would be tendering for sections of the construction which would be taking place well after the project was underway and would be building inflation factors into their bids. He felt that the project management system would "trim" certain

## Negotiations continue on shopping complex -target date passed

Negotiations are continuing between the Town of St. Albert and Abbey Glen Property Corporation regarding a development agreement for regional shopping facilities at the proposed location across the highway from the former video grounds.

Mayor Richard Plain and Mr. R. L. Byron, town administrator, report that meetings have been held between the developer and the town over the past few months with the most recent held last Friday. Progress is reported but the town is not prepared to make a statement at this time.

Further meetings and additional information should be forthcoming later.

The procedure of negotiations was initiated with the developer at a special meeting of council held April 28. At that time a motion for continuing negotiations with Abbey Glen regarding the shopping facilities carried 6 to 1 (Coun. Thronson voted against the motion).

The motion which carried at that time read "that a letter be sent to Abbey Glen Property Corporation advising: 1) the town is prepared to meet immediately to negotiate and finalize development agreements compatible with the itemized criteria, 2) subject to the execution thereof council is prepared to process bylaws to rezone lands adequate for phase one development for the purposes of a regional shopping centre construction, contingent upon compliance with the guidelines of performances under the development agreement, particularly the time frame therein to be committed. The Abbey Glen proposal suggested completion of Stage 1 by the fall of 1977).

### 45 DAYS WERE UP JUNE 13

During the discussion at the meeting on April 28, Mayor Plain suggested that the time frame for the negotiations leading to the development agreement would take "somewhere in the neighborhood of 45 days." Seventy-nine days have passed since that meeting.

At that time Coun. Lukay expressed concern whether 45 days was a sufficient period of time for the negotiations. Mayor Plain felt that 45 days represented a "target" and Mr. Byron thought

that 45 days was a sufficient period of time to get an indication of "how serious the developer is." He also said that at that time it would be decided whether or not to

pursue the matter with the developer.

Coun. Wetsch noted at that time that discussions with a second developer

Please turn to page 2.

The Town of St. Albert's 13 playground supervisors were at the Grandin Park Clubhouse for their regular Monday meeting this week and the Gazette photographer got this spectacular photograph. A few seconds after the pyramid was formed it collapsed.

## Discussions proceeding on theatre project

Mr. D. A. Gowe of Vancouver, vice-president Western Canada, for Famous Players Limited, and Mr. Don Menzies, Alberta district supervisor of Calgary, were in St. Albert July 8th for discussions with Mr. Sam Shapiro on the feasibility of building a double theatre complex west of St. Albert Inn.

Plans have been submitted and Mr. Shapiro and architect Tony Hutton have held discussions with Planner Wayne Gordon and Administrator R. Byron.

The theatre siting will require rezoning of 13½ acres from Highway Commercial to Commercial, in an area east of Grange Drive between Gate Avenue and Gervais Road, with provision for (hotel) parking on Lot 9. Mr. Shapiro's holdings in the Ball Estate area total 30 acres. "We are definitely interested in the area," Mr.

Menzies told the Gazette Tuesday. From the point of view of both the town and its trading area to the north he believes the twin theatre would be successful here, and noted that the drive-in theatre does well in St. Albert. "We are getting the figures together with Mr. Shapiro - and he knows what the going rates per square foot are in terms of leases, rentals."

The twin concept which allows showing family films in one and adult in the other has been going over well, Mr. Menzies said, and while many are in shopping centres, we are presently building free standing theatres in Lethbridge and Medicine Hat, plus twinning some of our older theatres. "Let's face it - we don't pay the same rates as national chains such as Dallerde - we can't, and so we are not the

Please turn to page 2.

## Maloney school nears completion

The board of the St. Albert Catholic School District No. 3 approved the contract with the Parish Kindergarten on Monday, July 7. Trustees learned that the kindergarten had acquired two more portables which will allow an increased enrollment of 275 Early Childhood Services children. The portables will be located on the site of the old Father Jan School.

The trustees were also informed that the Vincent J. Maloney School presently under construction in the Braeside area is close to completion and should be finished by the end of July.

Much of the meeting covered works and maintenance projects. Mr. G. Cherenko, architect from the firm of McIntosh, Workun and

Cherenko, was in attendance to show the trustees the preliminary sketch plans for the proposed Lacombe Park School.

Secretary-Treasurer Ted Baldwin reported that maintenance work would be carried out during the summer on two district schools. Father Jan School will be repainted during the summer and the lighting in Vital Grandin will be upgraded.

The board approved a change in the administrative summer office hours. The office will operate from 8 a.m. to 12 noon and 1 p.m. to 4 p.m. until August 22. At that time staff will revert to the regular hours of 8:30 a.m. to 12 noon and 1 p.m. to 4:30 p.m.

## Rec complex

Continued from page 1.

aspects and would result in certain economies. Mr. Walter felt that the inflation factors would definitely exist in the lump sum tender method.

He said that the project management route gives the opportunity for modification within certain limits and he felt that there would be economies realized in terms of time if the project management route was favoured. The tendering of the initial sub-trades would not need to await completion of all working drawings as would be necessitated in the lump sum tendering procedure.

Coun. Breadner felt that the final decision regarding which route to follow would require a comprehensive cost breakdown and the inclusion of various inflation factors.

### FINAL COST NOT KNOWN - MAYOR

Mayor Richard Plain felt that this information would be an interesting point for consideration but he felt that a decision would have to be made. He noted that the final total cost of the project would

not be known until it is paid. The mayor also felt that the town would get less of a working order under the project management procedure.

The mayor moved that the committee of the whole recommend to council that the project management route be followed in the construction of the recreational/cultural complex.

Coun. Lukay felt that the project management system would be better in this case. He noted that the tendering process would still come into play. He felt that under the lump sum tendering process, a decision to alter the project-deleting various aspects if deemed necessary - would not result in a saving. He felt that the savings for such decisions would result in the project management process where the town acts as its own general contractor.

Coun. Smith felt that time, cost, and control were at issue. Costs are changing, she noted and said that the time may come where the federal government may look favourably towards supporting such construction. Mrs. Smith felt that the time factor was also significant with the project already two months late in commencing through no one's fault.

Mr. Walter was asked what he recommended regarding control of the construction of the project and he stated that he recommended a small, knowledgeable committee be struck to bring back recommendations to council. He said that the biggest factor was in the method of proceeding with the project. He said that the town could be in good shape with the project management route, especially if the project manager was good.

Coun. Fyfe wondered if better tenders would be received by a major contracting firm who regularly call upon the sub-trades for work and Mr. Walter said that a sub-trade may regularly tender to a particular general contractor. But he did not feel that this would compromise the town in a project management procedure.

### KEEP WITHIN BUDGET - THRONSDON

Coun. Thronsdon stated that he was not in favour of

"buying a pig in a poke and if I must buy a pig I don't want to tender it piece by piece from the tail up to the snout and maybe find out in the end that the pig is going to lose its skin, or I am." He felt that the costs must be known for the project before a start is made. Mr. Thronsdon stated that he realized that a time saving could result from project management but felt that the biggest factor was keeping within budget.

Coun. Breadner said that he would support the motion in the committee of the whole but before he could support in council, he would have to see the formation of the committee to bring recommendations to council and a revised cost estimate for the project. Mr. Breadner also felt that the town would have to go back to the various user groups for consultations.

### FOUNTAIN PARK SITE RAISED AGAIN

The committee also considered a recommendation from the Parks and Recreation Board during the meeting on Monday night. The recommendation, arising from a Parks and Recreation meeting held April 9 of this year, stated that in light of cost of the land that council review the alternate site (Fountain Park) as a possibility for the entire site.

The financial arrangements regarding the Oblate site is for 25 years at \$24,000 per year. There has been no financial documentation for the Fountain Park site made public to date.

During the Parks and Recreation Board meeting on April 9, Chairman of the Board, Mr. Dale Bjornson, stated that in light of the previous recommendation made by the Board in favour of the Oblate site he would not accept the motion. The chairman was over-ruled and the motion carried.

The committee of the whole defeated the recommendation on Monday night, voting 2 to 5 (Thronsdon and Fyfe voted in favour).

## shopping complex

Continued from page 1.

being considered, Shelter Resources, would continue. Coun. Thronsdon felt that proceeding with negotiations with a developer was unwise without further traffic information.

Coun. Breadner was in favour of placing a time limit on negotiations with the developer and said negotiations with another developer should not be precluded.

### OTHER DEVELOPERS NOT IN CONTACT

Regarding negotiations with the four other developers, Mr. Byron commented that contact was not being made. He said that it was unfair to expect that the other developers would be willing to go to the expense of cultivating their proposals while the town was in serious

discussions with Abbey Glen, and in light of the fact that Abbey Glen's proposal remains feasible.

Mr. G. K. Leckie, director of Shelter Resource Limited, stated in a Gazette reader comment May 7th "we do not feel we should be used as a second proposal which might be under consideration as a back-up to the Abbey Glen proposal. . . . "To use Heritage Mall as a "lever" against Abbey Glen. . . . " This proposal was for the area north of Jasper Auto Parts.

It is understood that National Land Consultants Ltd. originally proposed for a smaller shopping centre across the highway from Jasper Auto Parts will now be used for apartment development instead.

Darene Holdings proposal for a large shopping proposal has been shelved and Mr.

Shapiro is presently negotiating with Famous Players and the Town for a twin theatre complex, near St. Albert Inn; and later a possible neighbourhood shopping mall and, possibly apartment development which would go at the back of his property.

Mr. Kryger's proposal to level the Grandin Mall site and enlarge it with a major department store and new smaller shops appears to be going nowhere.

Also in the interval a representative of I.G.A. Food Stores interviewed the town administrator on the feasibility of an I.G.A. store in conjunction with a Zeller store for some of the town-owned downtown property, but no further discussion has taken place at any regular council or committee of the whole meeting since.

The Town of St. Albert has hired a group of 13 people to supervise activities at the town's playgrounds this summer. From left to right (standing): Jann Jobber, Sue Jaycocks, Robyn Rempel, Mary Jane Wiersma, Teresa Stephen, Cheryl Burlingham, Gwen Tunke (all kneeling); [sitting] Lori Bezan, Mariette Durand, Roland Desrosiers, Donna-Mae Sander, Lesley Fleming, and Jeannette Henry.

## theatre project

Continued from page 1.

preferred shopping complex clients that we once were."

He noted that Famous Players has three theatres and two drive-ins in Red Deer, with a population of only 30,000. "So we feel

certain the twin theatre would do well in St. Albert. And at some future date we might be interested in a second theatre site in St. Albert," he added.

After discussions between town staff and Mr. Shapiro, the conclusion was reached that his area might be split in half, for commercial zoning of the front portion and then the back area could be left for decision later on.

The back portion has been discussed for apartment zoning and the planner feels this could be acceptable. Mr. Gordon is also concerned with the matter of rapid

transit routing from north of Club Mocombo through Mr. Shapiro's land and staff and the developer could probably reach agreement to use Grange Drive for this purpose, which might require widening.

In Bellrose Park area council recently took very prompt action to rezone the property required by Calgary Power from Agricultural to Commercial to expedite that development. If similar prompt action can be taken on rezoning the Shapiro site, St. Albert could have a twin theatre complex constructed this year.

## GAS ALBERTA — REVISED RATES FOR NATURAL GAS

Effective April 1, 1975 Gas Alberta's wholesale price to the rural gas distributors was increased from 30¢/Mcf to 42¢/Mcf. This is a direct result of the increase in the support price for rebate calculation from 16.7¢/Mcf to 28¢/Mcf. The average field price for natural gas has roughly tripled from 16.7¢/Mcf prior to January 1, 1974 to over 50¢/Mcf today. Alberta consumers are still sheltered through the Natural Gas Rebate Plan from a substantial portion of this increase.

Gas Alberta averages all gas purchase prices and the 42¢/Mcf is "net after rebate" and includes the operating costs of the regulator stations. There is some inflationary increase built into the wholesale price to cover higher administration, transportation and operating costs.

## MD wants quick action on sewer line tie-in for Morinville

The MD of Sturgeon will shut down the St. Albert sewer transmission line if Morinville is not allowed to tie into it almost immediately.

Reeve of the MD Bill Flynn, after the regular meeting of the MD last week, said they would "shut down the works," meaning that St. Albert would be driven to revert to its lagoon sewage

system with all the smells returning when the sewage is dumped.

The MD is also deciding to play tough on hazardous road conditions on 170th Avenue. Residents there have pointed out to the MD that road conditions are more hazardous since St. Albert's water line was recently put through and the MD may go after St. Albert for repairs to the road

following construction of the water line. Residents also fear they may be at a serious disadvantage if there is a fire or someone is taking with a sudden illness as the road is impassable in wet conditions since the waterline construction.

There are also complaints that since land fill in the locality some basements have been flooded. Stanley

and Associates may also be asked to clean up ditches at their own expense; this matter will be handed over to the MD's public works department for further study before any action is taken.

However the MD is expressing its frustration at St. Albert's slowness in getting set for Morinville to tie in with its sewer transmission line which runs from the

town to Fort Saskatchewan.

A registered letter will be sent to St. Albert letting that town know that the MD will proceed with an injunction within seven days of getting the letter if conditions of an earlier development agreement are not met.

These hinge on an immediate hook-up for Morinville into the St. Albert line in a regional system, the restoration of roads on the transmission line route and the immediate satisfaction and settlement with ratepayers and property owners along the route.

The MD's reaction to the situation came after a letter was read out to council from the Town of St. Albert signed by Mayor Dick Plain. That letter called for more input

from the MD and Morinville if they were to be allowed to use the St. Albert sanitary sewage system and also for more study between the Government and St. Albert over the legal documents for the use of the sewage system.

The letter from St. Albert also invited the MD to avail itself of the town's independent water and distribution system, as well as other municipalities. It also expressed St. Albert's support for the Canadian Bechtel plant slated three miles east of town which it thought would improve the buoyancy and economic climate of the MD. St. Albert was for the regional approach in development matters, the letter pointed out.

## Town takes steps on noise pollution

A one-day symposium to discuss the matter of noise pollution in an urban environment was held June 19 at the U. of A. Coun. Breadner attended this seminar and reported the proceedings to the committee of the whole Monday night.

Coun. Lukay said that he had noted with interest that Berns provide the best buffering against traffic noise but felt that construction of buildings beside roadways can create reflected noise despite buffering. Mr. Lukay asked to have a report by the Canada Research Council regarding this matter circulated to the members of council.

Mr. Breadner commented that he felt that the town should address itself to the problem of urban noise when preparing the general plan. He noted that he had also attempted to identify some of the concern with respect to the ring road and the kinds of buffering necessary to protect the residential areas adjacent to this road. He admitted surprise that several hundreds of feet of heavily treed space would be needed for buffering.

Coun. Breadner also felt that the wisdom of turning boundary roads into truck routes should be examined along with special zoning consideration for lands adjacent to major access routes.

He felt that zoning which would not be affected by traffic noise should be kept in mind for lands adjacent to these routes.

Coun. Thronsdon wondered what alternate could be found for the use of boundary roads for truck routes with nothing better available for this type of traffic.

Mr. Breadner commented that the filter system followed in Edmonton made it impossible for an alternative but the system followed in Calgary avoided this. He felt that the problem was being created in St. Albert. Mr. Breadner also noted that the level of urban noise increases year by year and it had been noted at the seminar that the situation could become unacceptable as time goes on.

Coun. Smith felt that the noise problem would become apparent in the future. She felt that a number of residents including herself had moved to escape the urban noise level as found in the city. Mrs. Smith felt that the traffic study underway could examine the minimum number of truck routes needed rather than assigning every boundary road as a truck route.

Mrs. Smith felt that a noise bylaw could be examined with concentration on trucks and modified vehicles which create noise. Spot checks, she felt, could

discourage loud vehicles although it would be difficult to prosecute for contravention of a noise bylaw. She also felt that resolutions could be taken to the CFMM and the AUMA.

Mrs. Smith felt that it would be cheaper to ban loud vehicles from the road or enforce restrictions on loud vehicles rather than go for the extra berming and buffering.

The motions which arose from the discussion of Coun. Breadner's report were:

- \*that the report be received as information (moved by Coun. Thronsdon - carried 7 to 0).
- \*that the committee recommend to council that the transportation steering committee review the ring road, boundary roads, and truck routes with respect to their alignments and the buffering policies pertaining thereto (moved by Coun. Breadner - carried 7 to 0).
- \*that the matter be referred to the general plan study with emphasis on buffering and rezoning considerations (moved by Breadner - carried 7 to 0).
- \*that the committee recommend to council that they support noise testing centres for vehicles (moved by Breadner - carried 7 to 0).

## Alberta Women's Week

Alberta Women's Week will be held at Olds and Vermilion colleges July 21 - 25 and July 14 - 17.

Guest speaker at Olds will be the Honourable Ralph G. Steinhauser, July 24 on the day previous to the conference wind-up.

Women's Week at Olds will be full of interesting items of topical interest, such as "Why does food cost so much?", "Managing Inflation," "The International Scene in Agriculture," "International Women's Year," "Intercultural Developmental Education Through Art," and meditation.

There will also be a select-a-session, where those attending the event can take in one of, either, yoga,

drama, native crafts, public speaking, singing, cake decorating, Scandinavian stitch work, life planning, the story of rural women, clothing, horticulture, and cosmetics.

A smaller though similar session will operate at Vermilion College.

If you wish to attend the Olds Women's Week you must register by July 4 and should contact Mrs. Judy Lloyd, District Home Economist, Box 640, Strathmore, Alberta, TQJ 3H0.

You must register by June 30 for the Vermilion Women's Week and if you wish to do so, you should contact: Edith Zawadiuk, District Home Economist, Box 487, Two Hills, Alberta, TOB 4K0.

# REFLECTS

Last April town council arbitrarily imposed what amounted to a 45 day freeze on commercial development in St. Albert, when Abbey Glen was given that much time to get ready to negotiate a development agreement with the town for a large shopping complex.

The freeze has now stretched to 79 days, which is too much to expect. Both Lacombe and Sturgeon Shopper's plazas are only partially rented, and the possibilities for renting this space are very limited during Abbey Glen's long drawn out negotiations.

Shelter Resource won't be used as a 'lever' in council's negotiations with Abbey Glen and their proposal for a large shopping complex has been shelved. National Land has given up on their plan for a smaller complex and are building apartments and condos.

Darene Holdings (Sam Shapiro) has given up on the possibility of a major shopping complex and has approached council for rezoning 13 1/2 acres for commercial development which could provide about 120,000 square feet together with the hotel. They have a plan submitted by Famous Players for a theatre as part of this development.

Mr. Kryger's proposal for expanding and improving the layout of Grandin Mall is seeming also in limbo pending the Abbey Glen agreement. Nothing has gone forward this year on the downtown core, although some discussion took place on a major food outlet in conjunction with a smaller department store.

It would seem that council is acting at cross purposes to achieve development objectives.

On the one hand they want to improve the industrial-commercial tax base and on the other hand they have an effective freeze on certain development.

On one hand they want "1975" dollars to build a multi-purpose Cultural and Recreation Centre, reasoning that because on inflation 1975 dollars will be worth more than future years' dollars. While on the other hand the old council and now this council is letting close to half a million 1972-73 dollars from the Provincial Department of Highways stay in the provincial treasury, waiting until the last year of the five-year street improvement program.

At the same time interest charges of over \$100,000 are being paid annually and the total is going up every day that the downtown core remains undeveloped. The only foreseeable development at present appears to be a civic centre of possibly 2 1/2 million which will be a charge on the taxpayers with no tax return.

Development by Darene Holdings, Grandin Mall and the downtown core could be ready to go now. It would appear that the freeze protecting Abbey Glen should be removed and council should get on with the job of expediting all possible development to get maximum tax dollars for the present residents of the town.

Councillor Thordson raises a justified concern on the traffic situation at the Abbey Glen site, across the highway from the proposed Rec Complex, but his concerns go unanswered at council meetings. According to the Department of Highways the site for two complexes as proposed could be "a real traffic problem and a situation extremely costly to make safe."

Surely a common sense approach to business and commercial development could be used to integrate available developments with long range planning objectives and assessment goals.

## Highway signing to be tripled

At a recent meeting held at President Milt Lawrence's place in Barrhead with the officials and delegates of the Midnight T-light Tourist Association, the Honourable Dr. Hugh Horner, Deputy Premier and Minister of Transportation, made it very clear that he recognizes the importance of adequate highway signing and roadside campsites to the point that he plans to triple the amount of both throughout the province.

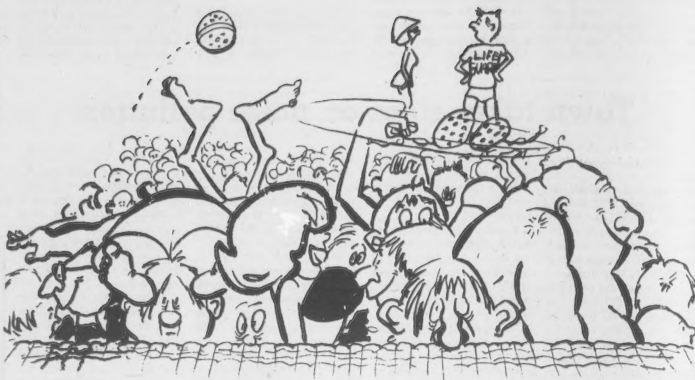

Dr. Horner also gave his blessing to a new inter-provincial highway proposed by the Northern Woods and Waters-Route Association.

The highway will start at Dawson Creek, British Columbia and end at Winnipeg, Manitoba. It will parallel the Yellowhead Highway across the north end of four provinces. The Highway Association has won the support of the communities along the route as well as the four provincial governments.

In harmony with Zone 8, Land of the Mighty Peace Tourist Association, Zone 13, Game Country Tourist Association, and Alberta Government Great West Vacations (Evelyn Herring, Vacation Hostess), the Midnight T-light Tourist Association will

have a display in the Big 4 Building at the Calgary Stampede for 10 days' advertising of Northern Alberta. Reason? Well, it just so happens that the majority of Albertans have never travelled north of Edmonton.

The Clyde Corner Tourist Information booth is now officially opened for the summer and is staffed by three pretty young ladies - Valery Gregg, Karen Wilson and Stella Wolk. The girls became available through a STEP grant for the towns of Westlock and Barrhead. The trailers operating hours are from 10 a.m. to 9 p.m.

WHEN SHALL WE TELL THEM WE DRAINED THE POOL??

## Criminal restitution study

The most advanced and comprehensive study of criminal restitution in North America was announced today by The Hon. Roy Farran, Solicitor General, and Hon. Warren Allmand, Federal Solicitor General. A three year experimental project titled the Pilot Alberta Restitution Centre will commence in Calgary later in this year and will be jointly funded by the government of Alberta and the Solicitor General of Canada.

During the three year study certain offenders convicted of crimes involving no violence on the person such as robbery, breaking and entering, vandalism, theft, possession of stolen goods and fraud, where the value is less than \$500 will be offered the opportunity to make restitution to the victim. "In this way the offender will be diverted from prison and will

play a more positive role in correcting the wrong that has been committed," said Mr. Farran.

"The restitution principle will open a new practical alternative to judges at time of sentence," Mr. Farran said. "A practical agency will ensure that commitments are fulfilled. They can include a fine in addition to compensation and may be a condition of a suspended sentence or probation."

"It is hoped that the pilot project will also develop further extensions of the principle of restitution to the community at large where a victim is not involved and may be in the form of financial restitution or work contributions."

The concept of restitution was studied recently by the National Law Reform Commission, which opened its presentation on the subject with the following paragraph:

"Doesn't it seem to be a rejection of common sense that a convicted offender is

rarely made to pay for the damage he has done? Isn't it surprising that the victim generally gets nothing for his loss? Restitution making the offender pay or work to restore the damage would seem to be a natural thing for sentencing policy and practice. Yet, under present law, they are more frequently than not, ignored."

The Alberta project, which will be headed by Professor Arnold J. Katz of the School of Social Welfare, University of Calgary, will carry out evaluations of different groups of offenders to assess the rehabilitative value of restitution.

"Incarceration has not proved to be an effective

means of rehabilitating certain kinds of offenders," said Mr. Farran. "It is felt that this kind of system will help develop a sense of responsibility and have a beneficial effect on recidivism. Furthermore, for the first time, the victim will be considered and will play a significant role in the operation of the criminal justice system."

The Solicitor General stressed that the offender population in the project will be selected only from those where no violence has been used, and where there is no history of violence. Social control and the protection of the community is of paramount importance at all times.

## AROUND TOWN

Two St. Albert brothers have been in the news this week. Neil John Ross graduated with the 1975 medical class, University of Alberta, and is doing his internship in Sherbrooke, Quebec, and Michael Ross is one of three Albertans among 52 Canadians selected to study at the National Theatre School of Canada in Montreal. Michael was selected for the English section acting class and is one of 649 candidates who applied for entry.

# Gracious pioneer lady receives 90th birthday tributes

A reception, honouring Mrs. Isabel MacMillan on the occasion of her 90th birthday, was held recently at the St. Albert Inn. Frank Booth, as master of ceremonies, introduced the head table. First was "Grandma" MacMillan, looking lovely in a pink flowered gown, her five sons John, Earl, Collin of St. Albert, Billy of Lac la Poudre, Simon of Edmonton, her daughters Teresa Laycock of Vacaville, California and Marie Thomson of Edmonton.

He next introduced the other members of the MacMillan family seated in the banquet room, which quite a lengthy list since her descendants number 19 grandchildren and 13 great grandchildren. Present also were other relatives and close friends of the honoured guest.

These included her sister-in-law Mrs. Minnie MacMillan of Edmonton, a niece Geraldine Niven and her husband Bud, Vitaline (L'Hirondelle) Rooke of New Westminster, B.C., Joanne McRae and son Gerard of Riviere Qui Barre, Neil and Sadie Ross and Neil's sister Alice, Allan and Cecilia Blair

and Marie Wolniewicz all of St. Albert and Raymond and Cecile Como of Edmonton.

Young Barry Booth was then asked to say grace.

Following the dinner, it was most fitting that Neil Ross, a long time neighbour and close friend, should be called upon to pay tribute to this kind and gentle matriarch of the MacMillan families. In reminiscing, he brought back the early pioneer years, when although friends were few, people never lacked for true friends and neighbours helped each other whenever they could. It was in this atmosphere that the Ross and MacMillan children grew up together on adjoining farms. Neil often wondered in those days how Grandma MacMillan always went about, never appearing hurried or out of sorts. Who disciplined these seven lively children? "Oh!" chuckled son Earl, "that was Pa's department. He knew when and where to administer the whacks that would do the most good!"

Neil recalled the cook-outs enjoyed by the gang when Billy - the real marksman - never missed when he aimed at a pheasant, prairie chicken or a rabbit. Many were the

after-school snacks, too, when the hungry schoolmates invaded Grandma's kitchen to feast on her oven fresh homemade bread, butter and Roger's Golden Syrup.

Potatoe picking time was fun or work whichever way you looked at it! - fun when the big spuds were bagged and the wee ones could be used as missiles. Teresa had the best shot and Neil remembers a few bumps she produced on his head! In the "dirty thirties" may it be said that this fiercely proud family pulled together as one unit and never received welfare. From there, Neil went on to give a brief outline of Grandma's early life.

Nee Isabel Fraser, she was born in Alexandria, Glengary county, Ontario in 1885. When she was 18, the family moved to Creston, Washington where her parents established a lovely wheat farm and a large orchard. It was in Creston that she married Angus MacMillan in 1906. But pioneer blood ran strong and 1912 found the MacMillan people and the Frasers establishing in Alberta. In 1914, the MacMillans moved to what is presently known as the MacMillan farm. Angus was a well known fiddler and played for dances and housewarming.

In closing, Neil presented Grandma with nine beautiful long stemmed red roses. The reason for nine? This was his explanation. (1) "Angus and you and seven children equal nine. (2) You are 90 years old today, and each rose represents 10 years of your life. (3) Your total offspring of family, grandchildren and great grandchildren number 39."

"May God bless you and yours and grant you whole clan health and happiness for all time to come... and may He hold you all in the palm of His hand," were Neil's closing wishes.

Then followed the presentation of certificates. Prime Minister Trudeau, Premier Lougheed, Lieutenant Governor of Alberta, Steinhauer. These plaques were presented to the honoured guest by three of her great grandchildren. Gindee Wisbeke, Kevin Hollinger and Tammy Gauthier respectively. Letters of recognition

were received from Robert Stanfield, MP Marcel Lambert, who also spent an hour that afternoon at Grandma's home offering his best wishes in person, Governor General Leger and Mme Leger sent their congratulations as well.

Daughter Marie, on behalf of the family, presented her mom with a lovely bouquet of flowers, Teresa with a pretty heart-shaped family brooch, grandson Garry MacMillan with a cute figurine and granddaughter Doris Lunn a family album complete with pictures of every member of the MacMillan clan. The last presentation was made by Shirley Booth whereby the Town Council of St. Albert, headed by Mayor Richard Plain, have proclaimed certain areas between the railway trestle and the St. Albert Trail bridge on the north side of the Sturgeon River are scheduled for development as a park which will be named MacMillan Park. "Grandma" MacMillan was quite overwhelmed by this beautiful tribute to her and her family and extends her sincerest thanks to all who made her 90th birthday such a happy memorable event.

Deepest thanks especially to grand-daughter Shirley Booth who took the initiative and worked so hard to make this family gathering such a great success.

**NINETY YEAR OLD ST. ALBERT pioneer Isabel MacMillan** who has spent 64 years in the locality celebrated her birthday recently receiving congratulations from across Canada. She has special mementoes of the occasion from Prime Minister Trudeau, Premier Peter Lougheed, Lt. Gov. Ralph Steinhauer and notice of a park in St. Albert which has been given the family name.

**ST. ALBERT pioneer Isabel MacMillan** (back), who recently had her 90th birthday sits back with her 55 year old daughter, Marie MacMillan Thomson (left), Marie's daughter, 32 year old Shirley Thomson Booth and Shirley's daughter 12 year old Barbara Booth.

## Engagement Notice

Mrs. Ileen Alberts of Ellerslie, Alberta, (formerly of St. Albert) is pleased to announce the engagement of her daughter, Frances Lynne to Marvin Markus Bredeson, son of Mr. and Mrs. Harry Bredeson of Camrose, Alberta. The wedding will take place August 2, 1975, in Beaumont, Alberta.

## ENGAGEMENT NOTICE

Mr. and Mrs. G. Willas of St. Albert are pleased to announce the engagement of their eldest daughter Sharon to Don Rubuliak, son of Mr. and Mrs. John Rubuliak of Nanaimo. Wedding will take place August 16th.

## "How good is your homeowners policy?"

"I represent Safeco because it protects you against things you don't often think about - until they happen. Things like damage resulting from sewer backup, electrical damage to appliances, smoke damage, and even damage to the property of others when you feel a moral obligation rather than a legal one."

"Safeco offers the best homeowners policy in town. I'd like to explain all the details."

# Perfect setting for baseball wedding at Calahoo

Calahoo was again last weekend with a baseball tournament, fine weather, lots of people and a wedding at first base on the fastball diamond!

It seems that the bride, the former Mrs. Dot Belland of Edmonton now living in St. Albert was always destined to celebrate her marriage with Gail Refshauge at the fastball diamond in Calahoo.

hoo. She decided that Calahoo would be the most romantic place for the occasion since she got connected with the fastball set in that community recently. With her husband Gail playing on the Calahoo Chiefs team the romance which finally led to marriage on the fastball diamond always seemed destined to flower.

And so the marriage took

place July 12 at 2 p.m., at first base, the position which Gail had held with the Calahoo Chiefs for the past four years.

And what a setting there was for the ceremony which was duly performed by Minister John E. Post. There was a red carpet all the way from home plate to first base culminating in an arch of flowers to the tunes of the well known wedding march.

Emile Berube gave the bride away and the flower girl was five year old Jody Refshauge with ring bearer 10 year old Dennis Belland. Witnesses at the ceremony were Mr. and Mrs. Nis Refshauge, mother and father of the groom.

Team mates dressed in ball uniform marked the occasion in fine style at first base. And Dot did not have to feel out of place because of all the men around in baseball uniform as she was well supported by the women's Calahoo team. Both Dot and Gail decided they would be in traditional wedding dress of a bride and groom.

Dot would have played for the Calahoo Women's team this year except that she was hurt February 14, coming

THE BASEBALL DIAMOND AT Calahoo was the scene of an unusual wedding last Saturday afternoon. Gail and Dot Refshauge decided to take the plunge with a fastball setting and they had good backing from Gail's team the Calahoo Chiefs and the Calahoo Women's team.

away with a broken leg and so was unable to play ball this time around.

But it was a different story for her husband Gail who immediately after the wedding got down to the serious business of playing ball for

Calahoo before returning to St. Albert for a small supper and then back to the Calahoo arena in the evening for a dance. According to all reports the dance was a great success and very well attended.

Husband Gail did real well in the fastball game which followed the wedding. The Calahoo Chiefs won their match with Hyde Park 7-4 and Gail brought in three men in the first and sixth innings of the contest.

## Historic craft demonstrations at Museum

That crafty Museum! Daily this summer, talented Alberta craft experts demonstrate in a gallery turned over to a "Craft Carousel."

Alberta Culture has never before offered a daily fare of talented artisans doing their thing! The Museum's largest temporary exhibition gallery has been turned into an activity centre, with demonstrations, an exhibition of historic handicrafts and a continuous slide-show. Through the week, individuals from such organizations as the Alberta Potters' Guild, the Pleasantview Rug-hookers, the Edmonton Weavers' Guild and Strathcona Place revive such pioneer skills as quilting, shoemaking, spinning and wood-working.

Demonstrations on weekdays are from 1:30 to 3:30 and follow a schedule of Monday - Quilting; Tuesday - Pottery; Wednesday - Weaving and Spinning; Thursday - Rug-hooking; Friday - Wood-working.

Weekends will be full of

surprises, ranging from doll making and leather tooling to silversmithing and wood-burning. The demonstrations on weekends are from 1:30 to 4:30 to accommodate larger numbers of visitors.

Participating is part of the Craft Carousel, and visitors are invited to try rug-hooking or spinning under the tutelage of the demonstrator. During parts of the day when demonstrations aren't happening, the exhibition of historic crafts becomes the centre of attention. The Craft Carousel at the Provincial Museum lasts until September 2nd.

# St. Albert Chamber called deadest in province

There was nothing to shout about at the regular meeting of St. Albert and District Chamber of Commerce July 9 as ex-Mayor Ray Gibbon told the Chamber he believed it was the deadest in the province.

Fifteen members turned up at the meeting.

Mr. Gibbon made the comment while referring to a convention he'd attended in Lethbridge hosted by the Alberta Chamber of Commerce.

He said that the Chamber should be more involved in community activities and he was echoed in this by Chamber Secretary-Treasurer Garry Johnson who had

recently attended a course for Chamber of Commerce members in London, Ontario. He felt that the Alberta Chamber of Commerce would work and help the local Chamber sort out its short and long term plans, spend time on brushing up meeting procedures and generally get some projects going that would interest the St. Albert and District Chamber.

Frank Scott of Scott Rentals was all in favour of a Trade Fair in St. Albert, September 13 and 14 in which St. Albert businessmen could partake. He moved that a representative from town council be at the

next Chamber meeting and see the support there was for the Fair. It was felt that the Fair would be one way of letting people know what was in St. Albert. "People don't know the half of what's

here," said Mr. Scott.

A motion was also carried that the Chamber communicate with town council to finalize the location of the North West Mounted Police building and another that a liaison committee with town

hall be reinstated. This was sparked off by rumblings that the town was raising the business tax this year.

The Chamber really wanted to get hold of town council minutes "if it was to stay alive."

In other Chamber business, the Chamber was cautious about making a submission to the newly established boundaries commission following a discussion on a possible change in the St. Albert constituency's geography.

President of the Chamber Gary Hodgins felt that any decision here would have to be unanimous and did not wish to "tear and Chamber of Commerce apart with political maneuvering."

In other Chamber matters, a letter was read out from the Kumho Company of Seoul, Korea addressed to firms in the St. Albert area for export business transactions in a wide field ranging from wrist watches to toys and sweaters.

Bob Russell, president of St. Albert radio, said he would be delighted if a member of the St. Albert Chamber attended the February 1976 Canadian Radio and Television Commission hearings on the local radio station. The hearing has been moved forward to that date because of a heavy spate of hearings down east.

Mr. Gibbon said he would be prepared to represent the Chamber at the hearing; he felt that St. Albert had had a raw deal with Cable TV and didn't want to see a repeat performance with the application for a local radio station.

## Public hearing to be held on mini condo plan

The committee of the whole voted 7 to 0 in favour of holding a public hearing prior to consideration of rezoning of a lot adjacent to the highway on Belmont Drive (S Belmont Drive). The committee was discussing an application for rezoning of the property for the purpose of constructing a four unit mini-condominium on the site.

Mr. Garry Frost and Mr. Bob Campbell are applying for rezoning of the property to enable construction of a four-plex on the site. Mr. Campbell stated that he would be agreeable to holding the public hearing prior to consideration of the project and felt that positive results would be realized. Mr. Campbell stated that the units would be roughly

1,200 square feet. The lot size is 75 feet by 150 feet. Each of the units would sell for between \$42,500 and \$45,000.

Coun. Lukay stated that he feared that such a development may raise the concerns of the residents of the area who occupy single family dwellings. He also felt that residents in the area would be concerned regarding traffic implications of such a development. Coun. Lukay felt that acceptance of the application for rezoning could create a precedent, encouraging similar development.

Mayor Plain felt that additional information would be needed, especially from the people living in the area. Coun. Broadner felt favour-

ably to scattering of condominiums about the town rather than having them consolidated in a single area. Mr. Broadner noted that such development would have less of an impact in newer areas rather than in an older section of town such as Braeside.

Coun. Thronson noted that he liked the concept being put forward and wondered how the developer felt regarding going to the residents of the area for their views. Mr. Campbell noted that he would not be against such a move.

Coun. Smith urged the developers to prepare a model which would illustrate the surrounding area so that residents could appraise the impact of the development.

Mayor Plain moved that a public hearing be held prior to consideration of the rezoning of the lot.

## Catch Rudy Rivers this weekend

Ruby Rivers, Queen of the River, (St. Albert's Shirley Martin) would like to welcome everyone to the Klondike Days River Events on Friday, Saturday and Sunday.

The Sourdough Ball goes Friday, July 18th, with entertainment by Geni Cox. At \$20 per couple the tickets are going fast and Mike's Newsstand.

Saturday there will be a Pow Wow at Terwilligen Park, with a barbecue at 4:30, canoe races, boat races, pole climbing events and spike driving contest. Lieutenant-Governor Ralph Stinchauer will be made an honorary tribal chief of the

Cree Indian Nation from Ponoka at 8 o'clock that evening.

The Sourdough Raft Races on Sunday will feature two new events this year. Competitors in the Pioneer event will build their rafts right on the river bank. Lash them together with ropes and float them down the river. For first timers this year's program has a Novice Event, so here's your chance if you have thought about entering but felt you had no chance of winning. Those interested in entering the novice should telephone Donna McMartin at 424-1383, or the Klondike Association at 426-4055.

Sunday's events get underway at 7:30 a.m., with an Indian demonstration, followed by breakfast at Terwilligen Park at 8 o'clock, raft inspection at nine and the big race goes at 12 noon.

Plan on taking in the river events this weekend at Terwilligen Park, and see St. Albert's Ruby Rivers in her role as Queen. Ruby is also currently appearing in Prestige Production's Melodrama at the Centennial Library.

Many St. Albert residents will recognize Ruby Rivers, Queen of the River for Klondike Days, as our own Shirley Martin, who was awarded this honour last year as well. Shirley is currently appearing in the Prestige Melodrama in the Centennial Library Theatre in Edmonton every night from July 12 to 26 at 8 p.m.

## Pow-Wow at Klondike Days

The weekend of July 19 and 20 should be a memorable one for those who wish to take in the Klondike Pow-Wow at Twerliger Park.

It will be a great opportunity for native Albertans and their white brothers to literally smoke the pipe of peace and show tolerance, understanding and respect.

One of the more interesting events to take place at the Park during the Klondike Days Pow-Wow will be the special ceremonies to be put on by the Samson Cree Tribe of Hobbema.

Early in the morning at 7 a.m. Saturday and Sunday, the first weekend of Klondike Days, special "Peace-Pipe" prayers will be offered by our Indian friends to honour the Great Spirit. You may have had the idea that the Peace Pipe ceremony was only used to signal the end of a war or a fight between the tribes. Maybe so - but it was also a deeply held religious ceremony, usually held at day-

break and conducted by one of the old people of the tribe.

The Samson Cree tribe has asked one of their elder gentlemen, who is skilled in these ways to offer prayers during the Pow-Wow and he invited the public to attend and give thanks to the "Great Spirit."

The ceremony will take place in one of the six decorated lodges set up for public display, and will hold 10-15 people at each sitting. The ceremonial peace pipe is then filled with tobacco and used as an incense for the ceremony. The invited guests are asked to pray with the gentleman with only he making any audible sounds. The pipe is lit and handed round for all to smoke. It is not necessary for all present to have had a smoke from the pipe to have participated in the prayer. Just being there is participation enough.

The bowl of incense or tobacco may have been all used up before it got all the way round - no matter - the start of a good day - the sun - good company, is blessing enough.

It will also be important to attend the special evening ceremony honouring Lt. Gov. Ralph Steinhauer on July 21. His Honour has been selected by the Samson Cree Indians to receive this special "Honourary Chief" award as one who has done much to advance the cause of the native people.

An evening campfire is preferred with proper pomp and ceremony leading up to the crowning of the so

honoured person with a ceremonial head-dress made specially for the occasion.

A solitary dancer selected for this event then commences to dance twice around the campfire to the beating and chanting of the tribe. He moves to the blanket and lifts the head-dress high over his head and dances once more around the fire stopping to pay homage to the four points of the earth. First to the sun and then a full 360 degree circle he dances, then to the West and another full circle to the other points, repeating each time the full circle before handing the head-dress to the tribal elder who makes the dedication.

The elder selected for this privilege makes a speech dedicating the head-dress to the person the tribe is honouring. Only then is the tribal name made public. His honour is then crowned in that name taken from an animal or a bird and the whole ensemble, guests and everyone, dances or pow-wows around the campfire.

This is a colourful ceremony which you will not want to miss.

You can get to the Twerliger Park from Southgate Shopping Centre, two miles west on 45th Avenue until the road turns south.

\*Turn right through the gates and continue down to the riverbank.

\*Refer to the City of Edmonton map.

Saturday will be taken up with religious prayers and peace pipe ceremonies, a mountain shop free canoe jamboree, a public barbecue, the ceremony instilling the Lieutenant Governor, dancing ceremonies and a bonfire.

Sunday will again begin with religious prayers and a peace pipe ceremony, followed by a pow-wow breakfast, then the staging procedures for the Klondike Sourdough Raft Race at noon.

The Klondike Pow-Wow is being strongly recommended as an inter-cultural event by the Lt. Gov. Ralph Steinhauer, Mayor William Hawrelak of Edmonton and Bob Bogle, minister without portfolio responsible for Indian Affairs.

## Lancaster Bomber reaches new home

First hearing that there was an opportunity to purchase an airworthy Lancaster early in 1974, Sir William Roberts sent Mr. Dick Richardson - one of his team of six engineers - to Alberta to carry out a detailed survey on the Lancaster in April 1974. As a result of Mr. Richardson's favourable report, Sir William decided to buy the aircraft, and Mr. Richardson was sent out to the small private airstrip at St. Albert, near Edmonton, Alberta, Canada in June 1974 to commence the preparation of the Lancaster for its trans Atlantic crossing. This was no mean task, and after three months work, Mr. Richardson had to return to the UK as the Alberta winter had set in which precluded flying the Lancaster out at that time. Mr. Richardson returned to Alberta in mid April 1975 and by the 15th May, 1975, the Lancaster had received its Special Category C of A for the Ferry flight to the UK.

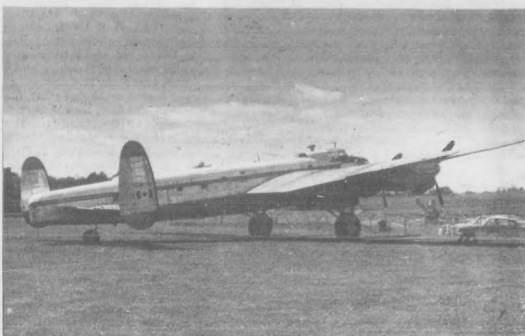

The crew for the Ferry Flight were all British Caledonian Airways personnel with past Lancaster experience. They were Captain A. Mackenzie DSO, DFC, Captain Gerry Moore, Mr. David Kemp (navigator), and Mr. Sian Banfield (flight engineer). Mr. Richardson also came home in the Lancaster as ground engineer, and

carried out necessary servicing en route.

The Lancaster left Edmonton International Airport on a dull Friday, May 16, 1975 and landed at Toronto International Airport some eight hours later to a tremendous reception by press and television, and many ex Lanc men anxious to see the last Lancaster pass their way. Early on the 17th, the Lanc left Toronto intending to reach Gander that day, but appalling weather at Gander prevented this, and the Lanc had to back track to Halifax, Nova Scotia and spend a night there. The morning of the 18th saw better weather at Gander, so the Lanc took to the air once more, and Gander was reached four hours later. With the long flight across the Atlantic to Iceland ahead, the Lanc was given a thorough inspection and was ready to go by 5 a.m. on May 19. Shortly after, the Lanc was airborne and en route to Reykjavik at 9,000 feet and was reached in 8½ hours - a low pass along

the rather short runway, and landed to a tremendous reception once more. The Lanc was refuelled and reoiled and the crew managed to get a good night's sleep. The Lanc left Reykjavik at 7 a.m. en route for Glasgow. Just off the Scottish coast, an RAF Nimrod came alongside for mutual photography, and Glasgow Airport for three weeks awaiting suitable weather for the landing at Strathallan's 3,300 ft. runway, and finally the weather was favourable on June 12 when the same crew flew the aircraft on its final leg of the marathon journey. An uneventful landing was made at Strathallan, and she now stands there on display for all visitors to the collection to see.

Sir William has purchased three gun turrets for the Lanc and these will be fitted after the aircraft has been painted in its wartime 405 Squadron markings. Ironically, out of over 7,300 Lancasters built for the last war, only two examples remain airworthy!

Over a year of preparation, and the efforts of many, resulted in the preservation of this Lancaster Bomber which once could have been seen at the St. Albert airstrip north of the community. The aircraft is now part of the Strathallan Aircraft Collection in Scotland and stands on display for visitors. The KB 976 is one of two remaining airworthy Lancasters of the many constructed for service during the second world war and it was once slated for use as a fire bomber.

## AGT introduces 4 new services

St. Albert is one of the communities in the province where Alberta Government Telephones is introducing four new telephone services.

The special "Custom Calling" services - speed calling, call forwarding, three-party calling and call waiting - will also be available in some Calgary areas, Fort McMurray and Sherwood Park. Electronic equipment installed in these communities has the capacity to provide versatile telephone services.

Using a simple code, a frequently called telephone number can be reached by "speed calling" - dialing two digits or less. The "call forwarding" feature will automatically direct a call to another number, and a third party can be added to a local or long distance call without operator assistance. During a telephone conversation the "call waiting" feature will indicate an incoming call which can be answered separately while holding the first call.

Telephone users in the St. Albert area will receive more information in the mail from AGT about the new Custom Calling services available and the monthly rate charge of each. Only customers with individual line service can be provided any of the versatile features. Some customers

may also require a telephone number change in order to have the new services, which are available via computerized programming in electronically equipped telephone offices.

Custom Calling features provide telephone customers the services of a local town operator in the good old days. Back then the operator knew everyone and what they were doing where. She could forward calls, or cut into a conversation when she decided an important message for one of the talkers couldn't wait. Of course, with party lines at that time, several people could be on the phone at one time and for "speed calling" one only had to ring the operator to connect you with your neighbour. Today communities have grown too large for one operator but the services are still available through automation.

## Driver Education

It has been made mandatory for new drivers if they wish to gain a basic insurance rating to have 10 hours classroom plus 10 hours in-car training. We have researched the better methods of ground school instruction from the leading driving schools in the United States and Canada and we are prepared to start ground school instruction. This COMPLETE driver training course will entitle you to your ALBERTA DRIVER TRAINING CERTIFICATE, acceptable by all insurance companies. Registrations are being accepted now.

FOR FURTHER INFORMATION PLEASE PHONE - 458-1500

# Karen Doering married in Lutheran Church

MR. & MRS. STEWART EDEY

St. Albert Evangelical Lutheran Church was the setting of a lovely June wedding when Pastor R. Olson united in marriage Karen Lynn Doering and Stewart Malcolm Edey.

Karen is the daughter of Mr. and Mrs. Harold Doering of St. Albert and Stewart is the son of Mr. and Mrs. Reg Edey of Regina, Saskatchewan. Bouquets of white daisies and pink carnations decorated the altar.

The bride given in marriage by her father was

radiant in a floor length gown of white peau de soie trimmed with lace. The skirt was enhanced by a waist spanish style headpiece trimmed with red roses and a long train. A cascade of red roses with rosebud streamers formed her bouquet.

Bridal attendants were Sandy Edey, sister-in-law of the groom and Sylvia Doering, sister-in-law of the bride. They wore lovely dresses in white with bright pink flowers and lime green

leaves. They carried bouquets of white daisies and pink carnations and wore white daisies in their hair. Her other attendants were two little flower girls, Cindy Edey and Shelley Nichols. They carried bouquets of white daisies. Barbie Doering and Tracy Nichols carried the bride's train and wore corsages of yellow daisies. Tammie Nichols walked with the ring bearer and carried a bouquet of white daisies. All the little girls wore lime green dresses trimmed with white lace and wore white daisies in their hair. The ring bearer, Craig Mason, looked handsome in his beige and brown outfit.

The groom was attended by his brother Allen Edey and the bride's brother Randy Doering. The organist

was Mrs. Esther Olson. Ushering the guests were Kim Doering and Ken Edey.

Following the church ceremonies a luncheon was held in the church basement with about 100 guests. Master of ceremonies was Kim Doering. Toast to the bride was proposed by Mr. Hedley Sanson and grace was said by Pastor Olson.

To receive her guests the bride's mother chose a floor length turquoise polyester with lace over skirt. She wore a corsage of pink roses. The groom's mother chose a floor length sheer pink floral and wore a corsage of yellow roses.

Karen and Stewart had their honeymoon in Jasper. Upon their return they will make their home in Red Deer.

## AROUND TOWN

Motorists in St. Albert are alerted in a town ad in this issue that on Friday a four-way stop will be in operation at the intersection of Grandin Road and Sir Winston Churchill Avenue.

Cars must come to a full stop and allow traffic in the intersection to proceed before entering the intersection from any of the four approaches from Friday on.

# \* Sports \*

The baseball game between the St. Albert Willowbrook Saints and the Edmonton Blue Willows, held last Wednesday at Mission Park diamond saw the St. Albert team defeated 8 to 2. St. Albert got three hits in the game. Top three hitters for the Edmonton Blue Willows were Wayne Biggs (three singles), Ernie Hoe (three hits) and Rob Jackson (two hits). Winning pitcher in the game was Rob Zackowski who scattered three hits. The Blue Willows scored two home runs in the game.

## Ticket sales good for K-days Supershows

Demand for tickets to 10 Klondike Days supershows booked into the Coliseum for one-night stands is nothing short of phenomenal, according to the Edmonton Exhibition Association.

"Edmonton doesn't have a reputation as a place to sell advance tickets," says Don Boyer, attractions chairman of the Edmonton Exhibition Association. "But this year it's different. Sales have been really brisk."

Exhibition spokesmen, enthusiastic at the early response to Coliseum ticket

offerings, point out that promotional campaigns have scarcely begun, and out-of-town advertising hasn't even started. They expect three weeks, with some sell-outs likely before the end of June.

Another surprise has been the demand for half-price adult admissions to K-Days Exposition, available on a one-for-one basis when Coliseum tickets are purchased. So far, 70 per cent of advance buyers are opting for the \$1 grounds admission ducats.

These carry all the privileges of the regular \$2 tickets and can be used anytime during Klondike Days, July 16 - 26.

Bill Jackson, exhibition advertising and promotions manager, sees a big increase in the attention Klondike Days is getting at the hands of radio and TV outside Edmonton. "We've been asked down to Calgary next week for a half-hour TV show. We'll be talking up Klondike Days and our Coliseum shows. First time we've ever been asked."

## Bruins request ice time-deferred

A request for ice time in the St. Albert Arena for the 1975-76 season for the St.

Albert Junior Bruins hockey team was referred to the committee of the whole

meeting on July 28 by the committee meeting Monday night.

Mr. Ron Yanosik of the Junior Bruins was present to discuss his request and told the committee that he was seeking confirmation so that he could proceed with plans for the Jr. B team for next season.

Coun. Breadner noted that there had been a commitment to support the Tier 2 hockey (Junior A) team proposal which was not accepted by the AJHL at their meeting last month. Mr. Breadner noted that he would support the Bruins' bid for ice time if the Jr. A Tier 2 franchise was not going to come to St. Albert.

The referral motion, made by Mayor Plain, carried 7 to 0.

## St. Albert midget baseball at Thorsby

The St. Albert Killarney Midgets will be playing Warburg at 12 noon, July 19 at Thorsby. This will be the first round in the northern zone playoffs.

Also at Thorsby, the Ed-

monton North East zone team Newton will be meeting Bon Accord at 3 p.m.

The losers of the contest will have their chance to regain their pride with a game the following day at 6 p.m.

# ST. ALBERT RECREATION REPORT

## TENNIS PROGRAM

Mr. Ed Barclay, one of Alberta's leading professional tennis coaches will be providing lessons during July and August. A variety of lesson times and levels are available. Cost is \$10 for four 1½ hour lessons for adults and \$6.50 for junior (9-18 years) classes.

For further information on schedules and registration, phone the Town Hall at 459-6601 Ext. 19.

If you wish time on the courts, don't forget to pick up a reservation tag at the Town Hall. Tags are free and allow you to reserve two hours of court time during any one week.

## TEEN PROGRAM

Persons 13 and over can enjoy a variety of activities suited to their own interests and needs in the Teen Program. July 16 teens are

invited to participate in horseback riding. If you're interested meet at Lions Park at 11 a.m.

On July 17 and 18, teens can go camping overnight. Activities on the trip include boating, hikes and swimming. Interested persons should contact Town Hall 459-6601 for further information and registration.

All activities are posted on the bulletin board at Grandin Shopping Centre.

## PRE-SCHOOL PLAYGROUND PROGRAM

Pre-school children ages 3 to 5 are welcome on the playground Mondays from 1:30 till 3:30 p.m. While parents do not have to stay with their children during the program, we do ask that you drop off your child and pick

him/her up after the program is over. Please do NOT send the pre-school children unaccompanied to the playground.

## ST. ALBERT YOUTH EMPLOYMENT SERVICE

Businesses and households may be put in contact with students willing to do many types of jobs through the Youth Employment Office. If you're wishing to hire a student or would like to learn more about the program, contact June Johnston at 459-6601 Ext. 48, 8:30 to 12:30 weekdays.

There seems to be a shortage of older students willing to take casual jobs so if you fall into this category Y.E.S. would like to hear from you. Any other students who have not yet registered with

Y.E.S. office may come down to Parks and Recreation in the Town Hall to fill out a form.

Morinville also has a Youth Employment Service in operation. The man to talk to there is Rene Baland at

939-4317 or 949-4318, 9 to 12 and 1 to 4 weekdays. If you're in the area drop into the Sturgeon Regional Recreation Office during the same hours and Rene will help you solve your employment problems.

## HELP WANTED

RESPONSIBLE PERSON REQUIRED FOR FULL TIME, PERMANENT POSITION IN ADVERTISING LAYOUT DEPARTMENT. EXPERIENCE OR TRAINING IN LAYOUT OR DESIGN NECESSARY.

PLEASE PHONE THE GAZETTE AT - 458-2240 FOR A PERSONAL INTERVIEW.

## Safety Council plans fall activities

At the St. Albert Safety Council meeting held on July 10, discussion centred around activities planned for the fall.

The defensive driving program will go on monthly beginning in September. The first aid course will start in October. The social services show, including a program by the Safety Council, will be put on in October.

There was lengthy discussion on the Block Parent program, newly taken over by the Safety Council. The need for much greater participation was stressed. With this in view, a meeting will be arranged in September, soon after the children return to school. There will be adequate

advance publicity on this, in the hope that many more applicants will come forward. Information will also be given out to the elementary school children soon after school opening.

On the subject of the artificial lake under construction in Lacombe Park, some concern was expressed. Enquiries are to be made as to what safety measures are to be implemented on the completion of this project.

## SAFETY TIP

How good is your knowledge of artificial respiration? Can you give the "kiss of life"? If not -- why don't you learn? Someone's life may depend on it.

# HUNTING APPLICATION DEADLINES

# Legal village prepares for summer festival

**By Lucienne Montpetit**  
With our annual celebration just around the corner everyone in the village should think about beautifying and decorating their homes for the "Big Festivities." Also take out your Fete au Village attire. The costumes are unique and they really add to the celebration. Be proud and wear them. Tuques and saches are

on sale now and you may purchase them by contacting Jeanne Maurier.

## PARADE

If you have not entered your parade entry do it now by contacting parade marshal Marcel Dube 961-3694 or 961-3951.

## DEMOLITION DERBY

On Sunday the demolition

pit will be hot with action. There will be some 15 cars to contest the fabulous prize of \$100 and a trophy. The runner-up will win \$50 and trophy.

Register now with Raoul St. Jean or Danny Prefontaine and enter the demolition derby. July 27 at 1 p.m., is where the action will be in Legal at the Park Citadel.

## BINGO

The bingo enthusiasts will find their favorite game in the shade in a big tent. At 11 a.m., the beer gardens open in the arena. Come and quench your thirst and satisfy your appetite. Bring the whole family and enjoy the fine entertainment provided by the Twilights. Morinville's Frontier Dollies will be an eye catcher with

their dance routines. They will also perform in the evening at the Cabaret.

## BARBECUE

Saturday and Sunday at 5 p.m., you will enjoy the sweet aroma of sizzling barbecue steaks, treat your wife, come and enjoy a delicious juicy steak at a moderate price.

The French cuisine will provide you with delectable

french foods such as pancakes (crepes), meat pies (tourtières) etc. etc.

There will also be gate prizes of \$25 given both days. The tickets will be drawn at the information booth at 7 p.m. You have to be there to claim your prize. Mark your calendar for July 26 - 27 and follow the road to Legal because all roads will lead to the Citadel Park for fulfilled days at Fete au Village. □

## Gabrielle Bujeaud a star attraction at Fete au Village

GABRIELLE BUJEAUD

**By Lucienne Montpetit**  
Meet Canada's newest singing sensation "Gabrielle Bujeaud," at Fete au Village at the Citadel Jamboree on Sunday, July 27 at 8:30 in the arena.

Gabrielle's unique performance and her rapport with her audience leaves no doubt in anyone's mind as to her creative talent. When she sings she steals the hearts of all the men and the admiration of all the fairer sex.

Although she was born in Western Canada, Gabrielle is completely bilingual and proud of her heritage. This attitude is reflected in her approach to her recording studio work in that her album is also recorded in french. Audiences everywhere have reacted with pleasure to her

vocal versatility. Gabrielle's musicians are hand picked. Their musicianship, innovative creativity and stage presence dictate a new brand of professionalism. In addition to supporting Gabrielle musically, they perform selections on their own both instrumentally and vocally, making an important contribution to the show. In addition to Gabrielle's performance John Charles a top notch magician will demonstrate his skill in magic. He promises to be a crowd pleaser.

Don't miss the grand finale show in the arena on Sunday, this will be followed by gigantic fireworks making spectacular explosions in the air "a favorite to everyone."

## Alma Forcade dies at 82 years

**By Lucienne Montpetit**  
On July 5, Father Roland Bissonnette celebrated the Mass of Resurrection for

Mrs. Alma Forcade who passed away on July 3 at 82 years of age.

Mrs. Forcade was born in

Tillbury, Ontario, in 1892. Her family moved west in 1903 to a homestead west of

Leduc.

Prior to her marriage Mrs. Forcade (nee Duteau) was a professional seamstress. She met her husband Lionel while she was employed by a tailor Mr. Sillars. They were married in April 1923 and lived in Vegreville 14 years. They sold their land there and came to establish themselves on a farm west of Legal where they were blessed with four children.

They celebrated their 50th wedding anniversary in 1973 and retired at the Chateau Sturgeon last fall.

Mrs. Forcade was predeceased by two sons Vincent and Ernest. She leaves to mourn her loving husband Lionel, one son Leonard, Legal; one daughter Mrs. Bert (Lorette) Craig, Morinville, 14 grandchildren, two great grandchildren, one sister Mrs. Emile Robitaille Pembina Lodge, Westlock.

Interment was in the church cemetery followed by a lunch served at the home of her son Leonard. The pallbearers were her grandsons.

The family wishes to thank everyone for their many acts of kindness, sympathies, mass offerings during their recent bereavement.

## VILLAGE OF LEGAL PROCLAMATION

**WHEREAS** the Council of the Village of Legal has deemed it appropriate to recognize the contributions made by one of its pioneers in two notable fields of human endeavour; and

**WHEREAS** this pioneer has received international recognition as an amateur horticulturist; is an honorary member of the Western Canadian Society of Horticulture; whose original homestead near Rich Valley has been named the Bugnet Plantation Historical Site by the Government of Alberta; and

**WHEREAS** this pioneer was honoured in 1970, at the age of 91 years, by the Government of France, who bestowed on him the French Chevalier dans l'Ordre des Palmes Academiques, literary award for two books about Western Canada, "Nipsya" and "La Foret;" and

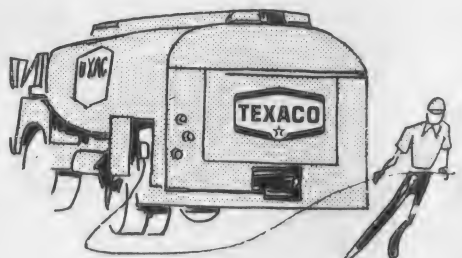

**WHEREAS** his name has appeared in the Larousse World Encyclopedia since 1968; and

**WHEREAS** Mr. Georges Bugnet has been a resident of Legal district for 21 years, and of Alberta since 1906;

**THEREFORE**, I, Joseph Nault, Mayor of Legal, do hereby proclaim that Legal's 1975 Fete au Village be dedicated to honour Georges Bugnet.

JOSEPH NAULT,  
MAYOR, VILLAGE OF LEGAL.

# Let's get acquainted

Texaco Canada Limited take pleasure in introducing Orest N. Shwed, our new Bulk Dealer covering St. Albert and surrounding rural areas.

This Texaco man knows farming and farm equipment. He knows how important it is for your equipment to do the job. He also knows that he has the right fuels and lubricants to keep your wheels turning. Orest may not be a farmer, but when it comes to keeping your farm equipment on the job, he's an expert.

## LEGAL LOCALS

By Lucienne Montpetit  
Mr. and Mrs. Raoul St. Jean, Albert and Marie and Grandpa Zenon St. Jean motored to Seattle to visit with Bert and Arlene St. Jean and family. While they were there Mr. Zenon St. Jean also enjoyed a pleasant visit with his two sisters.

A large crowd gathered at the community hall last Friday for a combined shower for Marcel Letourneau and Pauline Shank. Gerald Letourneau presented the couple with a purse on behalf of everyone. Everybody enjoyed their evening of dancing to the swinging music of "The

Vibrations."

Marcel and Pauline will exchange marriage vows on August 9 in St. Emile's Church.

Returning from Vancouver last Sunday was Jos and Germaine Nault; Michel and Carmen, Walter and Ferné Van de Walte and family. The weather was beautiful in

B.C., but it didn't compare with our Sunny Alberta in the past weeks.

Visiting with Mrs. Diane Remillard last week was Mr. Albert Vandal from Prince George.

Mr. and Mrs. Turcotte from Chauvin spent several days with their friends Mr.

and Mrs. Maurice Remillard.

Some 30 senior citizens will leave July 16 at 7:30 a.m., to spend 10 days visiting in Eastern Canada. The group is flying to Ottawa and the tour is planned and organized. Marjolaine Chamberland is accompanying the group.

Display your creative talents at the arts and craft display during Fete au Village, July 26 and 27. Sewing, crocheting, knitting, woodwork, models, paintings crafts etc. Contact Sharon Veitch for information 961-2399.

Mr. and Mrs. Alfred Theberge and family from Ottawa are visiting with their parents Mr. and Mrs. Jos Theberge and their many relatives in the district. Fred is back in his home town after seven years.

On July 9 Candice Campbell, Sylvia Blondeau and Cecile Huot hosted a bridal shower for Doreen Champagne at the community hall. Several games were played followed by the opening of the gifts. Doreen thanked everyone for their lovely gifts especially the hostesses, her bridesmaids for organizing the shower for her.

Seated at the head table was the guest of honour, her mother Mrs. Paul Champagne and Mrs. Wilfred Provencal the future groom's mother.

The evening concluded with a delicious lunch. Doreen is the bride elect of Paul Provencal of Fort Saskatchewan. The wedding will take place on July 19 in St. Emile's Church.

Mr. and Mrs. Benoit St. Martin are pleased to announce the engagement of their youngest daughter Jocelyne to Terrance (Terry) Brennan from Vegreville. He is the son of Mr. and Mrs. Gordon Brennan.

Weekend visitors at the home of Raoul and Rita St. Jean were Mr. and Mrs. Adelard Demers from Falher

and Mr. and Mrs. Albert Demers from Weiland, Ontario.

Congratulations and best wishes for a long and happy married life to Simone and Pat Collins who exchanged marriage vows on June 21 at the Sacred Heart in Edmonton. Simone is the only daughter of Mr. and Mrs. Roland Demers of Legal, Pat is the son of Mr. and Mrs. Edwin Collins from Edmonton.

Pat and Simone are making their home in Edmonton.

## Now is the season of hail and storms

Hail causes \$40 to \$50 million and sometimes twice that amount in crop losses each year in Alberta and up to \$1 billion loss around the world.

In 1973 the Alberta Government established the Interim Weather Modification Board and the Alberta Hail Project to hasten the de-

velopment of hail suppression technology and test it on a wide scale in Alberta.

The new project is an extensive five year hail suppression test incorporating the former Alberta Hail Studies research program.

This year the cloud seeding will be conducted from June 20 to September 10 in

the southern half of the area. In the northern half all storms will be seeded about half of the storm days. All storms moving southward and expected to enter the southern area will also be seeded.

Five aircraft will be equipped to seed with silver iodide flares at cloud top and cloud base and two at cloud base only.

During 1975 a separate test to assess the effectiveness of seeding with ground-based generators will be conducted. Silver iodide will be released from about 15 ground generators located in a 24 by 36 mile area near High River. Special ice nuclei counters mounted in an aircraft will be flown at or near cloud base to determine whether or not the silver iodide reaches cloud base and enters the storm. This method of cloud seeding is being tested to determine if ground-based generators should be used in the hail suppression program.

Hailstorms normally grow on dust particles in the air. With the introduction of many billions of silver iodide particles that act as ice nuclei, many more hailstone embryos are produced. The large number of embryos distributes the water supply into more but smaller hailstones. This should give a reduced hail fall energy and more melting - perhaps sufficient for the stones to

reach the ground as rain resulting in less crop damage.

Executing the cloud seeding experiment appears simple enough - measuring the effects is not. The task is very difficult due to the nature and high variability of hailfall. The importance of obtaining accurate and complete hailfall measurements and crop damage information must be stressed. Many past experiments have failed because of lack of adequate measurements. The assistance and cooperation of the farming community is essential for obtaining hailfall data. The seeding effects can only be measured if these data are obtained and combined with radar and other storm data. All of these data are utilized in research and evaluation procedures to help determine the best seeding method and by how much hail can be suppressed.

Farmers in the area have been most cooperative in collecting rain and hail samples, supplying information on hail size, duration of storms, and other information.

Starting June 1 the media will be fed with information on storm and hail centres. If you want more information call Gordon Sterling, of the Interim Weather Modification Board, 443-5565.

The annual Corn Roast for the Legal Firemen and their families was held in the spacious yard of the Fire Chief, Raoul St. Jean. Some 75 children and 50 adults enjoyed themselves with dozens and dozens of corn on the cobs consumed. The corn roast is organized every year by the Fire Department.

# Legal girl marries St. Albert man

By Lucienne Montpetit  
Doris Auger and George Bauwens were united in an inspiring double ring wedding ceremony on June 7 in St. Emile's R.C. Church, Legal. The nuptial mass was celebrated by Father Roland Bissonnette for the daughter of Mr. and Mrs. Real Auger and the son of Mr. and Mrs. Julien Bauwens of St. Albert. The altar was graced with beautiful natural spring flowers. Lucienne and Pat Montpetit sang several appropriate selections with Elaine

Bilodeau at the organ. The scriptures were read by Mrs. Henriette Borduzak, sister of the bride. The bride was a vision of loveliness as she walked down the aisle with her father and mother. Doris was radiant in her gown of white nylon sheer over satin featuring a stand-up collar and long sleeves. Her long train fell gently from her empire waistline accented by a satin bow. Delicate lace daisies, trimmed her gown and train.

Her elbow length veil was held in place by a cap of matching lace daisies.

She carried a bouquet of pink carnations, roses and white daisies.

Bridesmaids Doreen LaBerge, cousin of the groom, Rita Laframboise, friend and Shirley Bauwens sister of the groom wore identical blue fortrel gowns with lace sleeves. The square necklines were edged with matching lace. They carried bouquets of pink carnations and white daisies. Their jewellery was a heart shaped pendant with matching earrings, gift from the bride.

Bestmen Shack Auger, Kirk Parker from New Westminster, B.C., and Tom LaBerge wore identical navy blue tuxedos with matching blue frilled shirts matching the bridesmaids dresses. The groom chose a navy blue tuxedo with a white frilled shirt.

Ushering the guests were Jim Borduzak brother-in-law of the bride and John LaBerge, cousin of the groom.

Following the ceremony a banquet and dance was held

at the community hall with some 300 guests attending.

The head table was centred by a lovely three tiered wedding cake made and decorated by Mrs. Wilfred Barry of Legal. The dainty candles on the table were made by the bride's sister, Mrs. Sylvia Boisvert.

Master of ceremonies was Ronald Boisvert. Zane Dorosh, groom's brother-in-law proposed the toast to the bride.

Lucienne and Pat Montpetit harmonized "Somewhere My Love" after the banquet. They were accompanied by Dolores Brisson on the guitar.

To receive her guests Mrs. Auger chose a floor length gown of pink fortrel, with pink and white roses en corsage. Mrs. Bauwens wore a blue pleated fortrel gown complimented by a corsage of blue and white roses.

Doris and George are making their home in Edmonton. Out of town guests were Mr. and Mrs. Ron Boisvert, St. Paul, Mr. and Mrs. Ryan, Gartner, Sask., Slave Lake and neighboring towns.

MR. & MRS. GEORGE BAUWENS

## Alcomdale 4H club scores several wins

On July 2 the Alcomdale 4H Beef Club held its annual achievement day at the Alcomdale picnic grounds. Though the grounds were muddy all 14 calves were well groomed and many spectators enjoyed the show.

The show started off at 10 a.m., with the 4H members judging four calves. Then went right on to the feeder steer competition with Mr. Emil Warnke judging. Mr. L. Whitson, former 4H leader, was the m.d. The ringmaster was Mr. George Sim, grooming judges were Mrs. Earla Jennett and Mr. Britton Mills. Showmanship judges were Mr. Don Rinas and Mr. Bill Gonek.

In the feeder steer competition Pam Meakin won grand champion, with Tammy Davidson winning reserve. Senior grooming was won by Pam Meakin with Tammy Davidson winning juniors. Senior showmanship was won by Pam Meakin with Norine Meakin winning juniors.

The heifer classes started immediately after the feeder

steer class. In the yearling heifer competition Pam Meakin won grand champion with Kim Davidson winning reserve. In the cow calf competition Wade Meakin won grand champion with Pam Meakin winning reserve.

On July 3 the club had all their calves at the Sales Pavilion in Edmonton. At the Edmonton show and sale, Alcomdale placed second in the group of four competition and third in the Best Kept Stalls. In the cow calf competition Pam Meakin won first with Wade Meakin winning second. They both went on to win the North West Regional Cow Calf competition. The sale started at 7 p.m., with Alcomdale selling first, after the club champions. The members got the best prices ever. The club champion was bought by Safeway for 67.5¢ per pound and the club average was 56.7¢ per pound.

The club would like to thank everyone who made this 4H year a success.

## Sturgeon crop outlook fair to good

There'll be a variable crop yield in the Sturgeon area this summer according to District Agriculturist Wally Klatt.

Reason for the variability of the yield can be traced to the cold dry spring which caused poor germination in some crops in the Sturgeon area.

There are about 40,000 acres of rapeseed in the area but rapeseed which was seeded late did not bloom long enough in the recent heat wave to mature into a fine crop. Mr. Klatt pointed out however that the large barley crop had not been affected by the hot weather and some fields should yield a good harvest.

Recent rains have bright-

ened the picture considerably and should be a big help to the 20,000 acres of oats in the Sturgeon area as well as the small wheat crop.

Mr. Klatt said that the outlook is fairly good for harvest time, particularly if the hail stays away and there's another rain in the next 10 days. "This will fill the crops out," he added.

There are no reports of army worm infestations so far this summer though the district was badly hit with the pest two years ago, with limited damage done last year.

There has been a small amount of root rot in rapeseed this year - a type of fungus disease which thrives in crops like rape.

## Gas rates go up for some

Plains Western Gas and Electric customers in the locality will be paying more for natural gas after July 16.

The rate increases affect all customers on that company's natural gas and propane service billings issued after July 15 for consumption on or after June 6 this year.

The company said that it regrets the rate increases following an interim rate increase order by the Public Utilities Board June 16.

New rates will affect, Barrhead, Westlock, Morinville, Picardville, the Sturgeon Gas Co-op, the West

Sturgeon Gas Co-op, and the Alexander Indian Reserve. The minimum monthly charges will go up from \$3.50 to \$3.66.

New rates run as follows:

### PROPOSED INTERIM RATE SCHEDULE

First two mcf per month - \$3.66; Next 30 mcf per month - \$.62 per mcf; Next 30 mcf per month - \$.55 per mcf; Next 58 mcf per month - \$.55 per mcf; Next 80 mcf per month - \$.50 per mcf; Over 200 mcf per month - \$.46 per mcf.

## N.C.A. Baseball Schedule

TUES. JULY 22 - Rochester at Linaria; Morinville at Bon Accord; Westlock at Legal.

THURS. JULY 24 - Rochester at Morinville; Linaria at Westlock; Legal at Vimy.

# VIMY NEWS

**By Darlene Provencal**  
Rick and Emilienne Landry and family packed their trailer and left for their holidays in the pouring rain on June 27. They are spending about three weeks travelling through the States. Their destination - Oregon - where Rick's sister lives. Hope the weather is better than what they started off with.

We are happy to welcome back into our community, Hector and Glenis Huot and family, who have been living in Mackenzie, B.C., for two years. They have purchased the J. R. Bilodeau farm. Joe and Lillian and family will be moving into a new home in Legal as soon as construction is completed.

Visiting with the Darcy Baert family are Val's par-

ents, Mr. and Mrs. Rene Joly and Reggie, from Mackenzie B.C. Last Saturday baptismal services were held for Darcy and Val's little son, Robin Rene. Also visiting with them is Darcy's mother and step-father, Mr. and Mrs. Hutton, who have spent most of the year in the States.

The Vimy Blues were very fortunate last weekend when

they took advantage of a second chance and ended up winning the annual Linaria baseball tournament in Linaria. The Blues had originally lost their game, 7 - 0 against Swan Hills, but when the K & W Saints didn't show up they were asked to play another game. Winning that game, they came back on Sunday full of determination that really

paid off. Congratulations Team!

Mr. and Mrs. Myron Cannard of New Westminster, B.C., and Mrs. M. Bamford, Barbara and Joanne of Burnaby, B.C., visited for several days at the home of Mr. and Mrs. Gordon Cannard. The occasion was Mr. and Mrs. Budgen's sixtieth wedding anniversary. Mrs. Myron Cannard's sister and brother-in-law. Spending the weekend with the Cannards was also Mr. and Mrs. Dale Cannard and Mr. and Mrs. Tony Hoevers.

Lambert, brother of Mrs. Corinne Sabourin. This trip was granted to the ladies by the secretary of State for International Women's Year. It sounds like they'll be having a very interesting trip.

Mrs. Corinne Sabourin was very happy to have her nephew and his wife, Mr. and Mrs. Raymond Menard from Windsor, Ontario, visit for a few hours the other day. They were accompanied by Mr. and Mrs. Wilfrid Beihl from St. Jean D'Iberville, P.Q. They were enroute to Vancouver, B.C.

## M.D. of Sturgeon Briefs

Following are some of the highlights from the regular meeting of the MD of Sturgeon July 10 and 11.

**THE MD CARRIED** a motion to grant the Village of Gibbons two additional fire phones and also carried another motion to standardize its phone policy to other authorities in the MD. It was pointed out that "we pay some in total some in part and some not at all."

**THE MD LOOKED** over the agreement between itself, the City and Canadian Bechtel for that firms proposed plant near St. Albert. When the land for the plant is rezoned, the development of the plant will be phased over a five year period and the agreement provides for a return to the original land use - agricultural. The plant will be worth \$200,000 at the start and will tie in with the Syncrude project. As the plant develops over the years its worth will increase to \$1 million.

**AUGUST 8 THERE** will be a signing ceremony for a new Sturgeon Regional Recreation agreement involving the MD, Bon Accord, Legal and Morinville. Main points of the agreement are in the area of increased sharing of recreation facilities with urban and rural residents and also notice of any withdrawal from the agreement.

**THE OLD MD** record prior to 1950 will be on loan to the provincial archives. Those after 1950 to 1975 will be microfilmed and will be available to the MD at any time.

**THE MD COMMENDED** its Utilities Officer Raymond Kluthe for his success in passing exams in the utilities officer course number four with Alberta Utilities and Telephones.

**THE MD** will meet with Minister of Transportation Dr. Hugh Horner in the near future regarding a special grant for the improvement of

secondary road 642 - five miles west and one mile east of Morinville. This is following a special request for help

from Mayor of Morinville Art Stapleton. Improvements on the road would probably get under way in 1976.

## Transportation issues surface at MD meeting

The transportation issue surfaced a number of times at the regular meeting of the MD of Sturgeon last week.

Council were informed by a letter from the Senior Deputy Minister for Transport R. G. McFarlane that the provincial government was considering very carefully the need of a radial route as well as the ring road around the north west area of Edmonton. Council were informed that the transportation department would continue a discussion with Edmonton as its proposals received more concise functional planning.

The letter also pointed out with respect to the North West freeway and radial route that the Department's information from Edmonton was that a great deal more traffic on 127th Street could not be accommodated and so the desirability and usefulness of such a good tie between the ring road and 127th Street was questionable.

"This problem does not eliminate the need for a roadway around the east side of St. Albert," the letter

continued.

As the meeting went on council also decided they would send a letter to the Department pointing out that it would like to take part in urban transportation studies. This would mean that the MD would be on a special committee dealing with the problem at provincial government level.

Reeve of the MD Bill Flynn said that urban transportation was too important not to give it the priority it deserved and "we're in to urban (transportation) now and we should show a willingness to assist on the committee."

The MD will also participate in a coming study of the relocation of rail lines in the urban centres as they might be affected by them.

The public works committee will take a look at the development of the Evergreen road July 14. A \$50,000 grant has been given for the road by the provincial government.

The grant will assist in the grading and surfacing of three miles of the road east of Highway 15.

## RQB beef club achievement day

The Riviere Qui Barre Club held their annual achievement day on July 2 in the arena with 15 steers and eight heifers competing. The champion steer was a hereford steer shown by Paul McGillis. Doris Boddez won reserve champion with a Simmental-Hereford cross.

Showmanship was won by Kevin Boddez with Craig Perrott coming in second. Linda Burns won grooming for the girls and David Boddez won grooming for the boys. In the heifer class the champion was a hereford shown by Lori Perrott. Bob McGillis won reserve champion with a Brown Swiss-Hereford cross. After the show all the calves were taken to Edmonton for the Edmonton District Show and Sale.

Along with our leader Gordon Fuhr the club would like to thank our judges: Mr.

Warnkey for being our livestock judge and Mr. Ralph Oumet and Mr. Alan McDonald for judging grooming and showmanship.

## UNIFORM WOMEN EXCHANGE VISIT

Mrs. Gordon Cannard, Women of Uniform director for Region 3, along with 13 other directors across Alberta and their Women of Uniform President and Vice-President, will be leaving July 17 by air for an exchange visit with Quebec farm women. The project is to study cultures and farming in Quebec. Their plans are to spend one day in Ottawa visiting the House of Parliament National Art Gallery, Ottawa's Research Station and Experimental Farms. Then on to Montreal where the Quebec ladies will meet them and take them into their farm homes, members of Cercle de Fermiers de la province de Quebec, for one week. Another day will be spent in Quebec City visiting the Plains of Abraham, Lower town, Citadel and the Parliament Buildings. At Ottawa Mrs. Rita Cannard will visit an aunt and uncle, Mr. and Mrs. Philippe

I guess reporting about other people getting new vehicles really got to my husband, Leo, because last week he went out and did the same thing. We are now making mileage in a new 1975 Chrysler, Newport Custom. In order to initiate properly we hooked up to our trailer on Monday and left for a few days holiday to Calgary, and then Radium, B.C. It sure felt good to get away and do some swimming on those sizzling hot days we had last week.

Fern and Cora DeChamplain and family would like to thank everyone for their floral tributes, cards of sympathy and donations, and for every kindness shown during the sudden passing of their son, Paul.

Mr. and Mrs. Clem Provencal left last week to spend several days travelling around Peace River and Grande Prairie. They made stops at many different places to visit with relatives.

# Young Voyageurs plan east-west exchange

**By Marg Bantz**  
Twenty-one young people of Morinville are due for an interesting, informative and busy summer; thanks to some enterprising local folks

and organizations, who have arranged for Morinville Student Exchange program, with a like number of students from Scarborough Ontario.

Martha Boissonnault, Michelle Gagnan, Colette Gibeau, Donna Kryskow, Lorraine Riopel, Rita Riopel, Rachelle Sale, Janice Van Brabant, Debbie Vranas,

Karen Gibeault, Salim Butt, Ron Cust, Brian Jordan, Colin Keylor, Marc Robert, Roch Schafers, Ray Short, Laurier Tailleux, Robert Teller, George Vansevanandi,

Marc Beland and Annette and John Keylor (escorts) left Friday, July 4 at 8 p.m., for Ottawa, where the group will spend two days visiting (staying at Carleton University).

Wednesday, July 9, they will be bused to Quebec City for an overnight visit, then on to Rimouski Quebec where they will stay July 10-16. July 16, they leave Rimouski via Montreal where they will spend the balance of the day, before returning to Morinville. Estimated time of arrival is 10:30 p.m.

Thursday, July 24, the Scarborough youths will arrive at 5 p.m., and will be met by Mr. and Mrs. J. Keylor and Mr. and Mrs. R. Riopel. Official welcome will be from 6:30 - 8 p.m., at the Morinville Recreation Centre. First night's board for the Scarborough escorts is compliments of the Frontiersman Hotel.

Both groups will tour Edmonton, on Friday, July 25, and wind up with a visit to the Klondike Days exhibition. Tuesday, July 29, they will all leave for Jasper Park where they will stay at Lake Edith Lodge until Thursday afternoon when they return to Morinville. Friday will round out the engagement with a "Faraway Pot Luck Supper" for students and parents at the Recreation Centre. Scarborough students leave for home on Saturday, August 2 at 2:30 p.m.

The transportation costs for the tour will be borne by Federal and Provincial governments. Estimated costs for both levels of government are approximately \$6,600. Other revenue was generated by: 1) participants - \$1,200; 2) W.W. Farm Equipment - \$20; 3) Hosting grant - \$400; 4) Escort - \$75; 5) Miscellaneous - \$20. Total - \$1,715.00.

Thanks to Federal and Provincial Governments, M. J. Schayes (local co-ordinator), Alphonse Nobert (chairman, welcome and farewell committee), Anne Kryskow (social convener), Colette Gibeau, Ray Short, Karen Gibeault and George Vansevanandi (student committees) and all the various individuals and groups who have contributed directly or indirectly to help make this program possible.

The Young Voyageur program is a travel and exchange project which gives the participants the opportunity to know Canada and their fellow-Canadians. The program is operated jointly by the federal and provincial governments in co-operation with the communities involved.

To all those participating, including the host families, it is a learning experience designed to be versatile and interesting. By sharing the lifestyle of a different family, community and province many personal friendships as well as general understanding and friendship among Canadians will result.

## Report From Bon Accord

**By Sadie Allen**  
Congratulations and best wishes to Mrs. Hannah Chubb on the occasion of her 84th birthday on July 16.

It was a good week for baseball and softball fans with eight-team tournaments going in both games. Despite showers on Sunday, the baseball teams were able to keep going with the final game between Junior Tigers from Edmonton and our own

Bon Accord boys ending in a 12-10 victory for the Tigers. Finals in the girls tournament were postponed until later during the week.

Midget boys will be playing provincials at Thorsby this weekend. Seniors play tournament ball at Peace River team at 3 p.m. on July 19. Seniors will be playing home games against Morinville on July 22 and Lina

on July 29. Game time is 7 p.m.

Gall's Girls, now officially the Bon Accord Gems, made their bid to represent Alberta in the Canadian Junior finals in Moncton, N.B., in tournament ball at Clarke Stadium on July 12 and 13. The girls got a bye in the first game as a team from Calgary didn't show, and won over Kitscoty 10-2 in game 6 on Saturday. In Sunday games they lost

out to Calwood 9-6, won over Kitscoty 15-14 and lost the final to Calwood 11-1. Congratulations on a good show.

Midget A Girls elimination for Zone 5 for the Alberta Summer Games of Red Deer, Alberta, on Sunday, July 20 at Bon Accord. Best two out of three series. First game 11 a.m., second game 1 p.m., between Bon Accord Midget A Girls and Fort Saskatchewan.

## MORINVILLE MEMOS

**By Marg Bantz**  
After a wonderful two week holiday on Vancouver Island, it sure feels good to return home to Morinville. A person really appreciates the friendly and familiar faces in the shops and stores and on the street.

Don't miss the Farmer's Market which has resumed as of July 12. It will be held every Saturday at 10 a.m., at the arena.

Congratulations to Helen and Raymond Sabourin on the birth of their daughter Colette. She arrived at 4:30 a.m., on July 2, 1975 at the Sturgeon General Hospital. The little bundle of joy weighed in at 5 lbs. 13 ozs.

Construction is in full swing at the new curling building.

Twenty-nine Senior Citizens went to Long Lake for some outdoor entertainment. Some fished while others enjoyed cards and darts. Mrs. Laura Kieser caught a fish and Mrs. Clarice Beaudre had the pleasure of eating it. Everyone enjoyed the nice warm summer weather.

On July 7, at 6:55 p.m., a baby girl was born to Louise and Maurice Froment. Remic weighed 6 lbs. 15 ozs., and was born at the Sturgeon General Hospital. Tamie should be very pleased with her new sister. Congratulations!

Morinville's hard hitting baseball team lost a close contest to Bon Accord (12-10), despite two homers by O'Neil Chevalier and one by Barry McGillis last Saturday.

July 12. They completely powered out (9-3) to Linaia Tuesday July 8 in Morinville. As the summer holiday vacation seems to be taking their toll, The Seniors meet play Thursday, July 17 at 7 p.m., at Vimy. Perhaps a strong fan following for this game could spirit our team

out of their current doldrums.

Readers co-operation in telephoning or bringing in news items is much appreciated, and as early in the week as possible. Please phone 939-4145, or drop off at 9901 - 99 Avenue.

## Carletons feted on 25th anniversary

**By Sadie Allen**

On Monday, June 23 a capacity crowd gathered at the Bon Accord Community Centre to honour Bill and Doris Carleton on the occasion of their 25th wedding anniversary. The complete wedding party of 25 years ago was present. Bridesmaids were Dorothy McEachern and Rose Grey and the flower girl was Gayle Rankin, sister of the bride. Best men were Jack McEachern and Reg Samis. The bride wore a corsage of salmon pink roses to compliment her gown, with a matching boutonniere for the groom. A 25th anniversary cake decorated with orange and silver centred the head table with potato medallions and women place cards to carry out the orange theme.

An evening of dancing to the music of the Playmates was enjoyed by all. MC was Stan Kowalski. Part way through the evening a mock wedding was presented with all members of the original wedding party taking part. The bride's bouquet was beautiful in "trailing potatoes" with a matching potato boutonniere for the groom. The flower girl carried her original basket of

25 years ago. Lunch was served to all present.

Stan Kowalski presented the happy couple with a gift of a 25th anniversary design silver teapot, cream, sugar and tray, a horseshoe with 25 silver dollars fronted by a silver potato couple and a purse of money on behalf of the community.

Presentations were made by Tom Carleton on behalf of their own family, Doreen Pawluk on behalf of the Carleton families, and Gayle Rankin on behalf of the Gervais families. Earl Mulligan spoke on behalf of the Community Centre and Art Strawson for the Anglican Church, and Joe Scuby, a friend, spoke. After the presentations, Doris and Bill passed around wedding cake to family and friends.

The couple's family, Tom and Mickey from Ft. McPherson and Penny and Chris were present. Their second son, Kirk was unable to attend because of a glider training course he was taking in Manitoba. Parents, Mr. and Mrs. Medwid Gervais and Mr. and Mrs. George Carleton and Bill's Godmother, Miss Connie Roberts were all present to help celebrate the happy occasion.

# Namoo girl married at Army citadel

By Norma Crozier

The Salvation Army Citadel was the setting for the lovely July 12 wedding of Miss Gwyneth Rogerson and Ronald Frederick Agar. The double ring ceremony was performed by Capt. Gilbert Verhey unit: marriage the daughter of, and Mrs. Kenneth Rogerson of Edmonton and the son of Mr. and Mrs. Clarence Agar of Namoo.

Given in marriage by her father the bride was radiant in her princess styled polyester crepe gown accented by a train. Her veil fell from a cap of lace trimmed with seed pearls. A cascade of talisman roses and white ribbon formed her bouquet around her wrist she wore good luck horseshoe, an English custom.

Attending the bride were, matron of honour, Mrs.

Deidra Hull, bridesmaid, Miss Lynn Thompson, cousin of the bride and junior bridesmaid Coral Lee Harper. They were lovely in matching gowns of floral print and carried bouquets of orange roses and yellow and white daisies. They each wore a cluster of white carnations and ribbon in their hair.

The groom was attended by his brother, Mr. Keith Agar, friend Stephen James

and Wayne Loeyden acted as junior groomsmen.

Organist was Sindy Scott and Ron and Diane Nelsen sang a beautiful duet, "Sunrise, Sunset." Ushering the guests were Mr. Ken Harper, cousin of the groom and Mr. Ian Thompson, cousin of the bride.

Following the ceremony a reception was held at the Chateau Louis Motor Inn. Master of ceremonies for the evening was Mr. Doug Mills. Toast to the bride was proposed by her uncle Mr. Robert Rogerson.

To receive her guests the bride's mother wore a floor length gown of floral polyester crepe complimented by a corsage of orange roses and an orange orchid. The groom's mother chose a long gown of blue sheer and jersey and pink sweetheart roses formed her corsage.

Out of town guests were Mr. and Mrs. Robert Rogerson of Ashington, England, Miss Mary Cranna and Miss Elva Cranna of Brandon, Manitoba, Mr. and Mrs. Keith Agar of Moose Jaw, Saskatchewan, Mr. and Mrs. Clare Russell, of Caroline, Alberta, Mr. and Mrs. Harold Harper of Provost, Alberta, Mr. and Mrs. Doug Mills, and Shari Lynn of Prince George, B.C., Mr. and Mrs. Ken Harper, Coral Lee and Barbara Jean of Provost, Alberta.

Mr. and Mrs. Ronald Agar will make their home in Edmonton.

MR. & MRS. RONALD AGAR

## Radar gun should make speedsters beware

Following complaints about speeding in Cardiff and Alcomdale areas in the MD of Sturgeon the Morinville detachment of the RCMP have asked MD council to buy a \$1395 radar gun to help catch the unsuspecting speedster.

Sergeant Howard Lamb of the Morinville detachment told council at its regular meeting last week that the force had had a demonstration of the gun which can be operated without a car. It is simply pointed at the offending car, makes a speed

reading and other detachments are having no problem with the equipment Sergeant Lamb said.

The gun is known to have tremendous range and the one which the Morinville detachment wishes to purchase is cheaper than anything else on the market according to Sergeant Lamb. One has been operated in Sherwood Park for quite

some time. Sergeant Lamb pointed out that an interceptor has to work in co-operation with the "gunner" but with two additional men in the Morinville detachment now, there are more man hours available for cracking down on traffic violations.

The MD gave the go ahead for the purchase of the gun through the MD's normal channels of procedure.

## Port of Churchill important to Albertans

Councillor Walter Van de Walle represented the MD of Sturgeon at the 32nd annual convention of the Hudson Bay Route Association held recently at the Macdonald Hotel.

He was elected to that association's board of directors.

One hundred and ten delegates were at the convention where 12 resolutions were presented to the meeting. Delegates represented municipal, provincial and federal levels of government, railway companies, grain companies, transportation and freight companies, Canadian Wheat Board, the National Harbour Board, farm organizations, Chamber of Commerce and grain producers.

The aims of the Hudson Bay route are the development and successful operation of the Hudson Bay shipping route, the greatest possible use of the Port of Churchill.

The port facilities include a five million bushels capacity terminal, terminal trackage of six miles, five deep sea and one shedded berth. Last year 20 million bushels of grain were exported and also 50,000 tons of sulphur. The port has a potential of 40 million bushels of wheat, and 300,000 tons of sulphur and has a shipping season of 88 days.

With Edmonton being the centre of transportation in western Canada and in view of the limitations of west coast ports, Churchill can be used by Albertans to supplement exports in large supplies of grain and sulphur.

The port development board was set up by the provinces of Saskatchewan, Manitoba and Alberta to promote the use of the port.

Churchill traffic was the main topic at the convention which was attended by Deputy Premier and Minister of Transportation Dr. Hugh Horner.

# WI women discuss wide range of topics at educational convention

By Liz McLeod  
Margaret Douglas, Mary Dalheim, Jean Payne from Onoway and Liz McLeod motored to Olds for the Alberta Women's Institute Convention June 9 - 12, where they met Stephanie Shenfield and Josselyn who had just attended the Elk's Convention. Over registration and dinner the Calahoo members saw many familiar faces such as Mrs. Len from Duffield and Eileen Holt and Edith Johnson from Cosmo W.I.

A get acquainted party was held the first evening with Mrs. Lynne Fair from Strathmore WI and Celia Taylor of Hillyview leading a lively singsong, including a number when each group put together one piece of a humorous song which brought down the house.

The over 200 who registered the first day also enjoyed very much a performance on 24 bells by a woman, accompanied on the piano.

Following opening ceremonies June 10th President Ethel Morrisroe from Red Deer spoke on the theme International Women's Year - Equality, Development and Peace. "Homemaking is still the greatest vocation," she told the meeting, and stressed the need for families staying together in the home.

Mr. Edgar, Mayor of Olds welcomed the WI was held in high esteem for their outstanding achievements working for Home and Country. The principal of Olds College spoke also, telling the women they were among 25,000 who will use

the college facilities this year. "With ever increasing enrollment," he told the meeting that the AWI convention next year could total more than 250. On the last two days of the convention this year there were more than 400 members.

Mrs. Ellen McLeod, Federated President from Eureka, Nova Scotia, brought Canada wide greetings and spoke of WI work on the national level in such areas as community development, the Tweedsmuir histories, senior citizens homes and efforts to "get junk foods out of the schools." Mrs. McLeod stressed that a chain is only as strong as its weakest link and each member is a link helping to bind all WI women together.

## USE OF GRANT DISCUSSED

The Alberta WI has received a grant from the Province of \$25,000 for community projects and leadership and part of these funds has been used to establish a provincial office with a secretary-treasurer who will replace faithful Kay McMillan who has done this work out of her home for 11 years. She was rewarded with some lovely gifts and some pay. In her farewell address she told the convention that Alberta now has 185 WI Branches, with 2,800 members.

The convention separated into five groups on the second day to come up with recommendations on using the government grant, which included leadership workshops, restoring the Mann-

ville hospital, first municipal hospital built, as a historical museum and archives; to hold workshops on public speaking, drama, crafts and creative writing; home nursing programs, homemakers retreats and a workshop to help standing committee chairman in their fields. Other suggestions were courses in home economics for the 9 - 14 age group and physical education and leadership courses in girl's club work.

## RESOLUTIONS

Four resolutions were passed by the convention. That television movies with violence be moved to a time when children are in bed; That policemen and prison guard murderers be executed - or at least that the judge's decision be upheld; That the Canada Pension Plan be changed so that all women can benefit; That junk foods be removed out of schools.

A resolution to hold annual AWI conventions was carried and it was also voted to have officers serve three year terms instead of one year.

A resolution recommending more physical education in schools was voted down. One recommending that agricultural land should be kept for producing, rather than building upon was carried, and was one favouring income for wives.

## WOMAN OF THE YEAR

Mrs. Martha Bielish, 2nd vice-president on the Federated Board, of Warspite was honoured with the Woman of the Year award for her tireless efforts in every phase of WI work. Mrs. Bielish was on the nominating committee and a whole new slate was needed this year.

Mrs. Marion Alexander of Cayley and a director at large for FWIC won the Grace Fryxell award and will exchange views and ideas with American WI women on a fall tour in the United States.

Mrs. Elizabeth Lefsrud, 2nd vice-president of the AWI reported on her meeting with the Japan Labour Ministry while in Japan. She also spoke on a variety of programs, including the updating of the Provincial histories, which she wished to include branch level reports as well.

This was not the aim of President Ethel Morrisroe, who felt that only the presidents listing should be updated, along with projects to date. The vote supported Mrs. Morrisroe.

Mrs. Leda Jackson spoke on her views as a member of

Uniform and Mary Lou Armstrong showed slides and told of the need to update libraries, on behalf of Library Services.

## GIRLS CLUBS

Mrs. Betty Sparrow, Provincial Girl's Clubs Supervisor spoke enthusiastically of these clubs, and noted that leaders are always in demand. She told of the many projects undertaken by the girls and of their convention in early July.

A moving Memorial Service was conducted by Mrs. Lefsrud, Mrs. McMillan, Mrs. Ballhorn and Mrs. Morrisroe for departed members, when relatives were seated at the front and had opportunity to view the Book of Memory.

On the third day District Directors reported on their constituencies and projects carried out over the year. All branches had made a study of Nutrition. Ellen Richardson of District V described a program for helping to keep elderly people in their homes, using workers paid \$2.50 an hour to assist them and make them part of the community, which earned the love and respect of the elderly for those involved.

Mrs. Ellen McLeod from Spring Hill Island Branch in Pico County, Eureka, Nova Scotia addressed the convention, saying that rural women think first of their families, next of the community and thirdly of themselves. She said a right attitude was important and that women can be their own worst enemy. She urged members to use their vote and to run for elected office. "Rights and responsibilities go hand in hand said Mrs. McLeod and women must think not only of their rights, but of the legacy they leave their children. There are 55,000 women in WI across Canada, and a nation cannot rise above the level of the home, she said. We must remember our responsibility to all people, men, women, and children, alike, she emphasized.

## NORTHERN WI WORK

Martha Bielish reported on the work of the WI in northern areas. When the WI expanded beyond the 60th parallel in the early sixties, we had to bridge the gap between the stone age and the space age she told the convention. "We are fortunate," she said to have an interest in the women helping the Institute alive in the north," she said, and articles such as kerchiefs, wild life pictures and crayons are very useful, to keep children busy while their mothers meet.

These may be sent to Mrs. Betty Gilday, Fort Laird, CPO Office, of NWT Office, Fort Simpson, NWT. Awards were presented for creative writing and for handicrafts, 604 articles were displayed in the handicraft section.

## HELEN HUNLEY SPEAKS

Over 400 attended the closing banquet to hear the Honourable Helen Hunley, Minister of Social Development and Health speak on "The Role of the Volunteer." She urged the WI women to continue to help each other, and without always wanting to be paid. Following the banquet program the St. Albert WI entertained with a delightful

and humorous skit on the building of their Senior Citizens Recreation Centre in St. Albert.

Election of officers and standing committee chairmen were held on the following day, when Mrs. Betty Ballhorn became the new Provincial President. Mary Dalheim was named chairman for the United Nations Committee, and Vera Holt of Sanguis is Publicity Chairman.

Many presentations of gifts for dedicated services were witnessed at the close of the convention, and all returned home after making new friends and enjoying old ones, and feeling enriched from the educational convention.

## FOR SALE

## Glut yourself with K-Days action

Those wishing to glut themselves with good entertainment throughout Klondike Days will not have to look far to slake their appetites.

At the four points of the compass in Edmonton there are numerous shows you can take in backed up with plenty of stars from the entertainment world.

At the Westmount Shopping Centre, July 17, 18 and 19 there will be two shows daily, 3 p.m. and 7:15 p.m. on the Thursday and Friday with two shows Saturday at 1 p.m. and 3 p.m. These shows

feature Dolores Wozny, Denny Hardage, pianist who has had the distinction of filling in for Vera Lynn's pianist during the Second World War. With them is John Bryan, originally from England, whom some refer to as Canada's Tom Jones.

Also appearing is London Recording artist Paul Hann who has worked with Juliette and Friends and George Hamilton IV and has also travelled from coast to coast.

Then at the Southgate Mall, again for the first three days of Klondike Days Chicago actress and singer

Jana Lapel will perform 7:30 p.m., Thursday and Friday and also 3 p.m. Saturday. With her will be banjo extraordinaire from Calgary Johnny Thorson well known on the Tommy Banks Show; there'll also be a barbershop quartet, with CFRN announcer Mark Byington backed up by Charley Austin on the drums.

Going north to the Northgate Shopping Mall July 26 there'll be breakfast entertainment at 7:30 a.m. with Klondike Kate backed up by Joe Hansen of Calgary, K-Days piano player. For

added support there'll be Don Goodwin's Band and the "London Kids" who appeared on last winter's telerama, along with Jerry Cox and her show group from Chicago. Other feature entertainers will include Jana Lapel, Bill Baker, emcee and comic with his lovely wife Jodi.

July 24 and 25, 7:30 a.m. till 8 there'll be entertainment from pianist Jessie Jones and drummer Fred Brown, with Jana Lapel.

July 26 at 3 p.m. there's a half hour show featuring 14 year old Randy McHolme, an award winning banjo player

and he'll appear with Jana Lapel.

At the Londonderry Shopping Mall (times of this show not available at the time of going to press), go see the Hearache's Razz Band doing old Vaudeville for the first three days of K-Days. You can also see them at Meadowlark Shopping Centre July 24 and 25 doing two shows daily at 1 p.m. and 7 p.m.

At the Edmonton Centre July 16 noon see the London Kids perform again with pianist Johnny Burgoyne of

Ireland.

There'll also be lots of action at the Army and Navy Veteran's Club 105 Street during Klondike Days with feature dancer Joyce Reddy of the Pig and Whistle, backed up with the Al Crawford Show, feature singer Bill Hasaard and "piano fingers Jackson." At the same spot July 19 feature singer Marlowe Derwing of Edmonton, pianist Tim Wilson, drummer Cy Graham and singer Bill Hasaard will feature at a K-Days breakfast 10:15 - 11 a.m.
